Fisheries Research Board regrets at his inability to present at the meeting to discuss it but said he would do so some future time.

Reports from various committees were heard with interest. H. Spencer for the Industrial Committee reported that a new mill in September and a small crew is at work clearing the road.

King, agriculture, reported that, due to lack of rain, crops here have deteriorated since the last meeting. A delegation was expected from the village commissioners to discuss the vexed problem of sanitation in the village.

Will Robinson announced to the Board that Mr. Lake, engineer, water controllers, Department of Lands, was here recently on a survey of the flood damage from Prince George to Remo with recommendations from an engineering standpoint on how to prevent a recurrence of the danger. His report went in last week.

Before the close of the meeting Mr. McAdams welcomed, in the name of the Board, all visitors and newcomers. Among these were Mr. and Mrs. P. Murie, Mrs. P. McGilvery, H. Young, William Bremner, Mr. and Mrs. Ashton and Mrs. Bill Unger.

The business session was followed by serving of strawberries and cream in abundance with cookies and coffee served by H. Philip, Mrs. Norrington and their committee of helpers. The delicious strawberries were at their best and were supplied, as in previous years, by Hamlin and Thomson.

Timely Topics from Terrace

On Tuesday William Cooper of the Skeena Airlines Ltd., on a charter trip for timber cruising 120 miles up to Kispiox from Hazelton, noticed fire close to a trail 20 miles east of Brown Bear Lake and about five miles from another unknown lake. As he cruised nearer he saw what he took to be smoke signals. Returning to Terrace he reported what he had seen to Constable T. D. Brue who, in turn reported to Prince Rupert. From there the word was passed on to Sgt. Brunton at Smithers who contacted Constable West at Hazelton to find out, if possible as to who would be travelling in that part of the country. The police are investigating but nothing has been uncovered up to date.

The Catholic Women's League met at the home of Mrs. Tom Julseth on Wednesday night. Mrs. H. Doll, the new president occupied the chair. Arrangements were made to hold a tea and sale on July 24. In the evening there will be a card party at which the drawing for the cedar chest will take place. This event was to have been held earlier but flood conditions made it impossible to gather in the tickets from outside points. At the close of the meeting, refreshments were served.

Accompanied by Mrs. Martin and Mrs. Haaland, Mrs. H. Koch left by car on Tuesday for Houston where they will attend the Women's Institute convention at the Terrace delegates.

Alf Attree has returned home after a long sojourn in the south.

Mr. and Mrs. R. J. Russell of Dundalk, Ontario, arrived this week to spend the next two months with their son-in-law and daughter, Mr. and Mrs. W. Fell, at 17-Mile.

Mrs. T. Alford is leaving shortly for her home in Vancouver after spending the past two weeks with her sister, Mrs. Frank Gavan, and her mother, Mrs. T. Moore. Mrs. Alford is the former Ethel Moore who lived here several years ago.

TERRACE BOOM

Sawmills and Logging Camps Busy—Town Getting New Water System

There is no let-up in the sawmilling industry in the Terrace district, reports Charles Adam, theatre operator and village commissioner of the interior town, who was in the city for a couple of days on business, returning to the interior yesterday by car. All the mills are going full blast as are the logging camps which supply them. In addition, the big Remo sawmill is being reopened by C. L. M. Giggey and E. C. Sande.

As for municipal matters, Mr. Adam reports that the village has secured authorization of a \$50,000 money bylaw to finance a new waterworks system for the town. Arrangements are being made to float the sale of the three-and-a-half percent bonds. This financing will take care of the purchase outright for \$6000 of the former Army water system on the Bench, including two tanks with 140,000 gallon storage capacity, pumps and pipelines and for the construction of a more complete and up-to-date distribution system throughout the village for which a contract will be let.

BIRTH-RATE UP

New Zealand Continues To Show Increase

WELLINGTON, N.Z., (C)—New Zealand's birth-rate, which after many years of decline has been rising steadily since 1936, is still increasing and last year reached the highest level since 1912. The European rate now stands at 26.43 per 1,000. However, although the Maoris, once considered a dying race, are now increasing more rapidly than the European population, it will be a long time before they approach equality. The European population now stands at 1,696,174 and the Maoris at 103,042. Actual births in New Zealand last year, at 44,828 Europeans and 4,938 Maoris, established a record for the third year in succession.
