

aboard a C.P.A. Canso enroute from Sandspit to Prince Rupert last Thursday afternoon.

McCormick died, the jury found, "from injuries sustained by being struck accidentally by a falling loading pole at Morgan's logging camp on Cumsheewa Inlet at approximately 12:30 p.m. April 18."

The jury also recommended "that a thorough investigation be made of the condition of guy wires at the time of the accident."

McCormick had only been on the job for four hours during his first day. A guy wire snapped, causing the loading pole to plummet to earth. It struck the logger on the head, causing serious internal injuries. He never regained consciousness. He sustained a multiple fracture of the skull and injuries to the brain.

Jurymen were: R. W. Long, (foreman); G. Douglas Frizzell, Alfred M. Rivett, Joseph Van Wallegham, Robert H. Parker and Robert E. Montador.

## Prison For Breach Of Recognizance

"I hope I never see you or hear of your being charged in court again," County Court Judge W. O. Fulton told Cecil Edward Latimer and Guy Augustus Lowe before pronouncing sentence on them to four and five months respectively at hard labor at Oakalla Prison Farm. Both were charged with breach of recognizance in respect of suspended sentences given them in April. They had since got into trouble.

Judge Fulton said he was sorry to see the two men before him so soon after their first trial. He had felt they would do better and had dealt with them leniently for that reason. He could not deal leniently again. He hoped this reappearance did not mean they were committed to a life of crime.

He was giving light sentences, he continued, and told the young men when they came out they should earn their living in the proper manner.

Sentences are to run concurrently with sentences handed out in magistrate's court last week.

Rev. and Mrs. J. H. Matthews of Hazelton, who have been in Vancouver attending the British Columbia Conference of the United Church, arrived in the city on the Prince Rupert Wednesday from the south and proceeded to the interior by the evening train.

In the nick of time, this little Manitoba family fled as flood waters swamped their home in St. Norbert. Now homeless and sheltering with another family in a tiny two-room frame cottage on higher ground, they will require aid from the Manitoba Flood Relief Fund before normal life can begin for them again. Complete with pets, the evacuated Dubuc children are shown above with their parents as follows: Michelle, 4; Denis, 7, holding his pet hamster; Nicole, 2½; Gerard, 8 months, and Teddy the dog. Cheques should be made payable to the Fund in Winnipeg.

## Empire Day Observance

Dignitaries Take Part In Impressive Ceremonies

Students of Prince Rupert, in the Civic Centre auditorium Tuesday afternoon, enjoyed a fine program under the direction of the I.O.D.E. when they heard short talks by Ald. H. F. Glassey and Capt. W. Poulton, took part in appropriate Empire Day songs, watched a balloon dance staged by young girls of the Annunciation School and were treated to two reels of sound movies. First part of the program was enjoyed by children from Borden and King Edward Public schools. The second part was staged by students of Booth Memorial High School.

Mrs. G. R. S. Blackaby, municipal regent of the I.O.D.E. acted as mistress of ceremonies and maintained interest among the children.

Ald. Glassey, in extending a welcome on behalf of the city, stated that "I would like to take this opportunity of extending the city's deepest appreciation to the Daughters of the Empire whose work in the past and the present has been most gratifying in doing their part in moulding and educating our youth of today to become better and democratic citizens of tomorrow."

Description and history behind the British, Canadian and Nazi German flag was given by Capt. Poulton who enlisted the aid of six boys in holding the three large flags for view by the young audience. He pointed out that no one should ever take away the freedoms under the two democratic flags. He also exhibited a small German mine warning flag.

The children took part in singing "Land Of Our Birth" and "Land of Hope and Glory." They were directed by Borden Street School principal J. S. Wilson, who later directed his choir through two lovely numbers. The children enjoyed an account of Indian lore and livelihood up the Skeena River in a technicolor film. The second screening showed the adventures of "Bunny" Rabbit.

After the public school children were ushered out of the auditorium, Booth students were entertained with talks by Ald. Glassey and Rev. E. A. Wright, pastor of the Presbyterian Church, selections by the school orchestra and a solo by Benita Windle.

An inspiring address on citizenship and democracy, one of the finest talks students in this city have heard for a long while, was delivered by Mr. Wright. "I am sure that students of your age fully realize the responsibilities that lie ahead of you," said Ald. Glassey, "as far as citizenship is concerned. With the world as it is today, one must conclude that the real test of true citizenship and in continuing the democracy that we have enjoyed in the past in Canada will rest fully upon your shoulders in years to come."

Mrs. Blackaby again acted as mistress of ceremonies.

## INCOME TAX CASE BRINGS \$25 FINE

Rupert Sawmills Limited was fined \$25 and \$250 costs in Magistrate W. D. Vance's court. The company pleaded guilty to the charge "that on the fifth day of April, 1950, did fail to file a return of its income on form T-2 for the year 1948 required of it to be filed pursuant to Sec. 41 of the Income Tax Act, 1927." Bruce Brown prosecuted the case.

It pays to advertise.

## No Putsch Will Win Free Berlin

BERLIN (AP)—A vanguard of militant Communist youth have arrived here in preparation for a demonstration the Reds are organizing for the coming weekend. As they assembled, West Berliners mayor Ernst Reuter warned his sector would "defend its freedom" against any "putsch attempt to conquer and suddenly over-run free Berlin."

## Doctors, Clergy, Hospital Board

Directors in Regular Monthly Session—Births Not Public Property

Board of directors of the Prince Rupert General Hospital, which has been discussing the question of representation of the medical profession and clergy on the board, went on record at the monthly meeting for May as favoring the limitation of the medical profession to one representative who would be appointed by the medical staff. The clergy would be allowed to have two elective members, to be elected at the annual general meeting. As the constitution now stands neither doctors or clergy can be elected as members of the board.

A request of the newly formed Credit Bureau here for information as to all new births at the hospital was rejected as being a betrayal of confidence. The board approved the paying of expenses of a delegate to the annual convention of the provincial Women's Hospital Auxiliary. (The convention this year will be held in Vancouver at the same time as the convention of the British Columbia Hospital Association).

Appointment of Dr. Hazen Hankinson to the medical staff of the hospital was approved.

The board also confirmed the appointment of George Rorie as auditor for the year at a fee of \$350.

Minor changes in the plans of the new addition to the Nurses' Residence were approved by the board.

Following the meeting, which was presided over by C. G. Ham, the members of the board visited the operating room to inspect the new operating table which has been installed at a cost of \$2300.

# TIM-BER-LOX

## Protects Paint from Peeling and Blistering

A Penetrating Sealer and Paint Mix

Tim-Ber-Lox is a clear liquid made from the finest, toughest resins and water-repellent oils and is used as a thinner for oil based paints or as a clear primer before painting or varnishing.

You will be proud of your paint job when you use TIM-BER-LOX because:

- 1. Tim-Ber-Lox helps prevent paint from "Peeling and Blistering" by affording protection against moisture.
- 2. The use of Tim-Ber-Lox with paint actually saves YOU money because each quart of Tim-Ber-Lox you use replaces a quart of paint.
- 3. Tim-Ber-Lox, mixed with paint, reduces "brush drag" to a minimum, thereby giving increased coverage and a superior, longer lasting paint job.
- 4. Paint mixed with Tim-Ber-Lox flows on more evenly, more smoothly, allowing an inexperienced painter to do a smooth professional looking paint job.

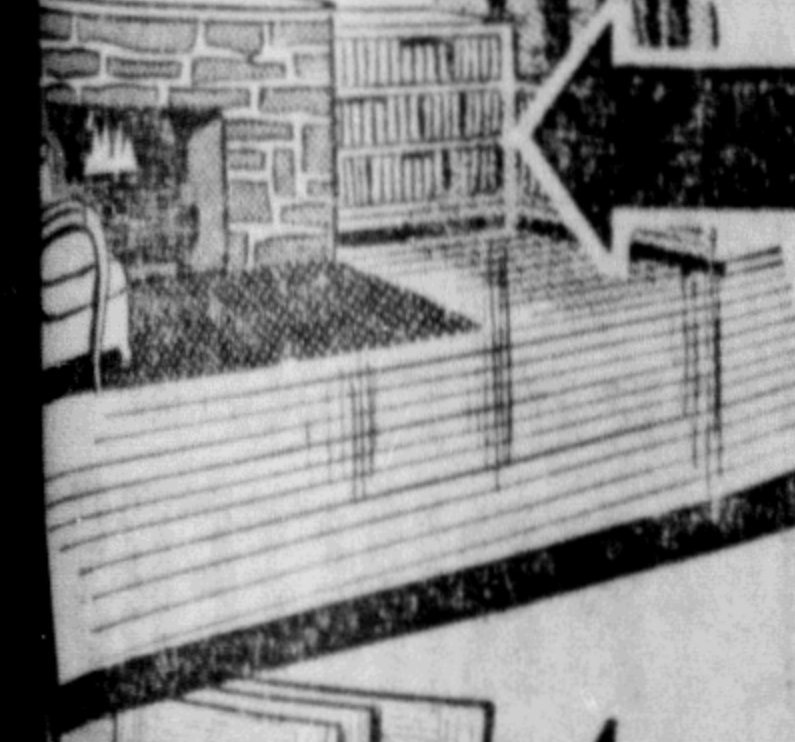

## OUTSIDE PAINTING

In order to secure a good paint job it is first necessary to secure a good ground or prime coat. It is in this prime coat that the addition of Tim-Ber-Lox to paint is highly recommended. Paint with Tim-Ber-Lox added, has superior penetrating and sealing qualities which provide a reinforced foundation against moisture and helps prevent the peeling and blistering of succeeding coats of paint.

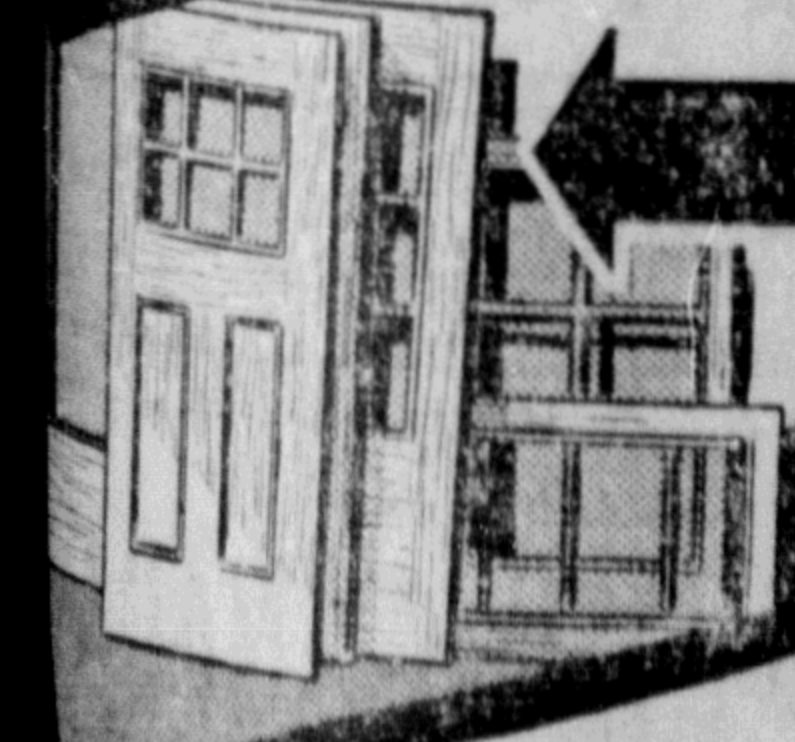

## PLYWOOD

A single application of Tim-Ber-Lox will prevent warping, will greatly reduce warping, buckling, surface checking and will eliminate "Grain Raise," leaving the surface smooth and uniform for subsequent coats of varnish or paint. It costs no more to use Tim-Ber-Lox -- as Tim-Ber-Lox replaces the prime coat of paint or acts as a varnish undercoat where plywood is later to be varnished.

## HARDWOOD FLOORS

Tim-Ber-Lox gives a beautiful, soft, natural floor that is water, dirt and stain resisting. Tim-Ber-Lox floors are sealed beneath the surface and therefore easier to keep clean, and retain the wax much longer.

## MILLWORK

Tim-Ber-Lox treatment of all millwork -- sash, doors, window frames, etc., will help prevent moisture "pick up" which is the reason for paint peeling and blistering, will also greatly reduce warping, shrinking and checking. Millwork can be treated just as economically with Tim-Ber-Lox as it can be with ordinary paint.
