His illusions included producing bottles, flowers, clocks, rabbits, silk bandanas and various objects out of cylinders, hats and space.

At least four children were brought to the stage and "aided" the talented magician in his performance. One of the four was chosen to have his head chopped off in the guillotine. Cordon's HARDWARE

SAVE TWO-THIRDS OF YOUR TIME

Crush thoroughly 2 quarts of fully ripe berries. (Use ripe fruit, not the underripe fruit called for in old-fashioned recipes.) Measure 4 cups of the crushed fruit and 7 cups of sugar into large saucepan. Mix well. Bring to full rolling boil over high heat. Stir constantly before and while boiling.

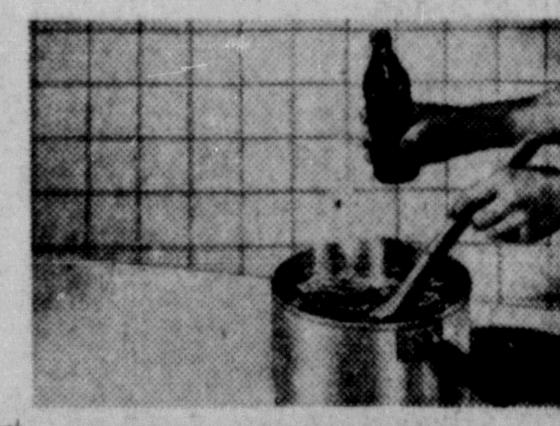

NO GUESS WORK. FOR SURE RESULTS FOLLOW SIMPLE DIRECTIONS EXACTLY

With CERTO you get a booklet of 78 kitchen-tested recipes . . . a separate one for each fruit since different fruits need different handling. Follow the simple directions exactly and you'll have bright, sparkling, better-tasting jams and jellies whatever fruit you use. Even beginners can be sure of results with CERTO.

Make strawberry Jam this Easy, Short-Boil Way

BOIL MIXTURE ONE MINUTE ONLY KEEP FRESH FLAVOR AND COLOR

Here's where you save time and work! BOIL HARD ONE MINUTE BY THE CLOCK! (This short boil retains the luscious taste and lovely color of the fresh fruit.) Remove from heat. Stir in half-bottle of CERTO Fruit Pectin. Then stir and skim by turns for 5 minutes to cool slightly and prevent floating fruit.

FROM SAME AMOUNT OF FRUIT

Because you don't have to "boil down"

your fruit to make it set, very little juice wastes away in steam. You'll have about 10 glasses to ladle and paraffin instead of the 6 to be expected from old-fashioned long-boil recipes. With CERTO you average 50% MORE jam from the same amount of fruit.
