RIGHTIST RETURNS SAFELY FROM KOREA-This is one of the first photos to come out of embattled Korea since the fateful elections in South Korea. Apprehension was felt for the safety of Kim Koo and Kim Kiu Sic, two Rightists from South Korea who journeyed into Communist dominated northern orea to hold conferences there with leaders of the north Korea, People's party. Followers waited on the 38th boundary line outpost and welcomed their two leaders when they returned safely. Here is Kim Kiu Sic, more moderate of the two leaders, as he was greeted at the border by his son, Benjamin, wearing sports coat, left.

## HOW CLOSE BRITAIN CAME TO BEING INVADED SHOWN HOPKINS PAPERS

How close the British Isles came to invasion is EDMONTON @-At least three shown in the confidential papers of the late Harry forest fires are raging along the Hopkins, now being disclosed for the first time. Alaska Highway between Mile Churchill looked for it and was prepared to go down 558 and Mile 71, an official of to destruction along with his government.

All this is revealed in the exchange of cables be-

tween Premier Churchill and communication lines between President Roosevelt in the early sending messages to London Edmonton and Whitehorse, stages of the Second Great War, urging that the safety of the Meanwhile, Public Works de- Yukon Territory, in the vicinity As one having intimate access crown be assured by removing partment crews from Terrace of Mile 558, 270 miles southeast to what was going on from day the Royal Family, or at least to day, Mr. Hopkins' relations the Princesses, to a place of 1.00 in a major washout. ### LONDON STRIKE-GRIPPED

LONDON-The port of London is practically at a standstill today in the grip of a six-day dock strike involving 17,000 workers. Settlement is deadlocked and the government is contemplating using the Army to unload food cargoes of 117 ships which are tied up, 47 of them loaded with vital food including 30,000 tons of meat. The strike has spread to the 1000 men on Tilbury docks and may threaten food rations.

## THROW GARBAGE AT POLICE

PARIS-Garbage collectors heaved garbage at police and blocked thoroughfares with trucks during a one-hour protest strike called by the communist-controlled Confederation Generale du Travail. The strike was in protest at police action Tuesday night in throwing rubber workers out of the Bergougnan tire factory in Clermont-Ferrand while on a sitdown strike for a 20c pay raise.

#### DRAFT BILL PASSED

WASHINGTON-The Senate today passed the compromise draft bill by voice vote after breaking an all-night filibuster. As it now stands, subject to House of Representatives approval, the measure would start drafting men from 19 to 25 years of age for twenty-one months' service. One of the stormiest scenes on the Senate floor in years preceded the end of the filibuster and the passage of the bill.

### GERMANS PANIC-STRICKEN

BERLIN--Panic-stricken Germans flocked to stores in an effort to get rid of their old marks before currency reform measures go into effect in western Germany. All old money and holdings must be registered next week. One new mark will be given for ten old ones, it is understood. The Russians barred Germans and Allied officers from entering Berlin today by train or motor car, claiming the move necessary to keep out old marks now worth more in the Soviet zone and in Berlin than in western Germany.

### Deadline Near and No Briefs Presented

OTTAWA (CP) - Boycotte of the Board of Transport Commissioners. general freight rate inquiry appeared to be in orogress Friday on the part of seven provinces. With only a day to go to the deadline for the filing of provincial submissions, none of the provinces have presented briefs.

Premier E. C. Manning of Alberta said the inquiry as laid down by the Dominion was "totally unacceptable" to his government. He said his government was withholding presentations until the federal government gave its decision to request the seven provinces—all except Ontario and Quebec-for a royal commission on the whole railway problem.

## RETURNING TO VALLEY HOMES

VANCOUVER (P) -- "Ghost towns" of the Fraser Valley are coming to life once more. Almost deserted three weeks ago when the first surge of the Fraser River swept through the dykes, town and farm homes are opening up again.

Already more than one hundred farmers are back in the Agassiz district after an "O.K." from the health authorities pronouncing the homes fit for
