## Must Back Up Ideals

E.T. Applewhaite M.P.  
Tells Rotarians

"The ideals our mothers taught us might be wiped away," E. T. Applewhaite M.P. for Skeena, told the Prince Rupert Rotary Club at luncheon today.

Club at luncheon yesterday, "unless we are willing to back up those ideals with everything, including our children."

Mr. Applewhaite told the group he would rather speak of pleasant things but, from now on, they will have to take second place. He was not convinced, he said, that a third world war was inevitable but whether or not there was a war times would be difficult.

Everyone was going around in a daze, the speaker said, not knowing just what the future has in store. Things had been like that for a long time but now have reached the stage where individuals must accept an ideal unselfishly and follow it fanatically. "What right have we," he asked, "to defend principles if we ourselves don't believe in them wholeheartedly?" Eventually, he said, what is right will come out on top as it has in the past. Fears, he said, will not hurt people provided they do not get them down. They warned people of dangers ahead and urged them to plan to meet them. He said all organizations now have to face the question: "Are you willing to back up your ideals with everything you've got?" No one else could be expected to go on doing it for others if they did not do it for themselves.

One of the main requirements for people was to have faith in the institution known as the Canadian government, not necessarily those now in the cabinet, but the whole organization including senior civil servants and heads of the armed services. He said those people were working with the United States and others of the United Nations. We have working for us, he said, the best brains of the world, not only of Canada but of all nations of good will. Our own theories, although they might seem important to us, he said, usually were concerned with only a small part of the overall picture. Senior officials, on the other hand, were working with others at all times and had the complete story. The least we can do is to give them unqualified support at the times they need it.

**PUBLICIZING SKEENA**  
In opening his remarks, Mr. Applewhaite gave a brief description of Parliament. He said he took every opportunity of publicizing the whole Skeena district. "This whole district is going ahead on a sound basis," he declared. "What it needs most is more advertising, not of the propaganda type but of true presentation of opportunities it offers."

He said the duties of a member of Parliament were two fold. First he had to put forward the needs and problems of his district and secondly he must take an active part in doing the work of general and less local nature.

In the latter respect, Mr. Applewhaite said a member could work his heart out for his district but, if he neglected the other work, he would get the name of being selfish. He compared Parliament to a Chamber of Commerce where the members worked hard for their own problems but buckled down to help with national affairs and community matters. He said he had yet to see a member of Parliament put forward any matter that would benefit him financially.

The speaker expressed his appreciation for the moral support he had received from most of the people of the district. He added that without it it was hard to work. Unjustified criticism and back biting hinder the work of a member.

He said that, in order to be advertised through Classifieds

## Army Campaign Starting Soon

Robert E. Montador has accepted the chairmanship of the Salvation Army's 1950 Red Shield Appeal in the Prince Rupert area. This area includes points in the interior as far as and including Terrace, and points north to Alice Arm and Stewart.

Mr. Montador has already made his contribution to the city in many ways, not the least of which his service club work in the Kinsmen Club, where he has been largely responsible for the planning of the excellent camp facilities that are now being extended and enlarged at Terrace.

Air Marshal W. A. Bishop, V.C., national chairman is anxious that all citizens rally around Mr. Montador and assist both physically and financially in raising this year's objective of \$3,200 for the work of the Salvation Army. High costs of living have hit all budgets of institutions, such as the hospitals, nursing homes, homes for unmarried mothers, shelters for the homeless, old age homes. Girls from many parts of this northern area have gone to Army institutions in recent months. Many men now living respectfully in Rupert have been helped to re-establishment from Oakalla and other such places in the past year.

Mr. Montador has been told by Senior Captain W. C. Poulton of the local Salvation Army corps that these people are more numbers on a file as far as he is concerned and that a generous minded public will have to accept his report without any names given in proof thereof. Mr. Montador is sure that this is the way the public would want it to be.

The local Kun Kwaan Lodge has been heavily subsidized again this year by the central funds of the Salvation Army and thus a local interest in actual money spent in town is provided for those so interested.

Assisting Mr. Montador will be G. R. S. Blackaby as treasurer, and cheques and donations may be sent to Mr. Blackaby at the Bank of Montreal.

The 1950 appeal is now in progress at Terrace and way points, and will be conducted at Alice Arm and Stewart in the next week. The appeal to citizens of Prince Rupert will commence on September 5.

Mr. Montador is seeking offers from interested citizens to assist in the canvass.

effective, a member must speak infrequently. In that way, when he got up to speak other members were so surprised that the speaker had their attention for a few sentences anyway. Speaking too often spoiled the effect.

Mr. Applewhaite said he was this district's official contact with the government and asked that he be used as such.

Guests at luncheon included Bernard Allen, Vancouver, E. T. Cameron, past president of the St. Catherine's club, Ed. Matson, Vancouver, Harold Church, Department of Veterans' Affairs and Alfred Blackaby.

## Dayton Scouts Visiting City

Four Boy Scouts from Troop 101, Dayton, Ohio, who arrived here yesterday on a motor trip through Western Canada think this whole country is "marvellous." They have nothing to compare with it back home. Dick Schiewetz, Evansville, Indiana, flew out and joined the party at Banff. The others are Garry Jackson, Ronald Marx, William Callister, and Bob Kuhns.

The boys left Dayton three weeks ago tomorrow and plan to be away from home another twelve days. They have been camping out during the trip and spending a good part of the time swimming and boating. They were amazed not to be able to find a camping place here. They were put on the right track by F. E. Anfield, scout commissioner for the district.

One of the things they particularly want to do is see Alaska. They are not particular about where as long as they can say they have set foot on Alaskan soil. They plan to leave Prince Rupert at the week-end.

## Job's Daughters Reach Vancouver

VANCOUVER (Special to Daily News) — Prince Rupert's Job's Daughters, on their way to the supreme session at Longbeach, arrived in Vancouver today after what the party of girls enthused about as a "gorgeous" trip from Prince Rupert.

Capt. John Boden and all the officers and crew of the Union steamer Coquitlam went out of their way to give the girls a good time. Entertainment feature of the voyage included a dance in the Community Hall at Butedale Tuesday night as the vessel loaded at the Canadian Fishing Co.'s cannery. Arranged by the ship's hostess, Miss Doreen White, everyone enjoyed the affair, including a party of passengers from the cruise ship Chilcotin which was also in port.

During the voyage, the Job's Daughters drill team entertained the passengers. Singing and dancing was enjoyed aboard ship.

The girls, from here, soon embussed for California.

### OLD FRIEND

Evidence of dog as companions of men has been found in Egyptian tombs dating back to 3500 B.C.

### MIGHTY POWER

Canada's hydro-electric installations furnish energy equal to that of more than 100,000,000 workers constantly employed.

# NOW! YOU CAN DO MORE THAN TALK ABOUT FREEDOM...

## CANADA NEEDS MEN TO TRAIN AS ANTI-AIRCRAFT GUNNERS

A major requirement of Canada's defensive system today is men trained for anti-aircraft operations. Charged with the defence of vital areas, the men of the anti-aircraft units are equipped and trained in the use of modern scientific equipment — electronics, radar, radio and telephone.

There are very few more important jobs than service in an anti-aircraft unit for young men who want to make sure that Canada is well defended against any eventuality.

**To enlist you must —**

1. Be a Canadian citizen or British subject.
2. Be between 17 and 29 years of age.
3. Be single.
4. Meet Army test requirements.
5. Volunteer for service anywhere.

**Report right away to**  
No. 11 Personnel Depot, 4th Ave. & Highbury St., Jericho  
VANCOUVER, B.C.

Depots open 8 A.M. to 10 P.M. daily.  
Bring certificates of age and education with you.

**GO ACTIVE — SERVE YOUR COUNTRY**  
by strengthening Canada's Armed Forces today to build up the defences against aggression everywhere.
