God's Word Only Hope

That only through a return to the worship and the teachings of God can the ever present possibility of an outbreak of atomic war be avoided, was one of the chief points emphasized at the showing of the sound-color film "God of the Atom" in the Armory, last evening.

All the available seating capacity was occupied, and the proceedings, presided over by Cecil Carter, who spoke, lasted about an hour and a half. An address was given by Fraser McRae. He spoke of the trend of the times in the world today, and the significance of what is known of atomic might.

The scenes on the screen were vivid. These included United States naval activities in the South Pacific during the summer of 1945 and later, experiments with the use of the atomic bomb on targets and the terrifying sights that depicted the limitless force it possesses.

Pictures of natural science, scientific discoveries and developments, the study and application of principles and theories, were all found interesting. Mr. McRae emphasized the fact that, if the gain in knowledge is misused, the effect on mankind can eventually be disastrous indeed.

Five years hence, it had been asserted, could see commencement of a war that might well witness the destruction of civilization as now known.

In a war fought with atomic bombs, there could be no resistance. No side could conquer. It would be suicide on the colossal scale. Nothing remained for the salvation of the world today, in the midst of fierce rivalries, intrigue, and thoughts and efforts directed to war, but a return to the God that so many had abandoned, and the fostering and building up, of the ways of true peace.

Mrs. J. Archibald of North Vancouver, arrived in the city Friday afternoon on the Catala to spend the next few weeks visiting her son and daughter-in-law, Mr. and Mrs. H. G. Archibald.

Residence of Mr. and Mrs. A. E. Martin on Eighth Avenue East has been purchased by J. R. W. Murray of the Edward Lipsett Ltd. staff. Mrs. Martin and family sailed last evening on the Catala for Port Coquitlam where they will make their future home.
