16. To stimulate expansion of mining industry by constructing mining roads for development of various mining properties.
17. To encourage discovery of further mineral wealth by expanding free grubstaking of prospectors.
18. To expand scientific research for existing industries as well as for establishing new industries.

20. To appoint a commission to review Workmen's Compensation Board so that the Act may be modified in keeping with the best interests of employees and employers.
21. To institute an exhaustive study by a conference of employers and employees of the administration of the Industrial Conciliation and Arbitration Act so as to improve further the labour laws of the province.
22. To widen the scope of the "open Borstal School" by establishing a similar school for girls and also a "closed Borstal School" where youths may be separated from chronic criminals, studied and then passed on to the "open Borstal School" for vocational training and good citizenship.
23. To build soundly on the Social Security structure already well laid down in this province by constant review of such services as Hospital Insurance, Hospital Construction, Old Age Pensions, Social Allowances, Mothers' Pensions and various health services.

31. To construct the first \$350,000 unit of a new school for deaf and blind.
32. To assist school boards by providing them with standard plans and to make available a construction engineer who will inspect schools erected from such plans.
33. To guard the public's heritage in respect to natural parks by developing those already reserved and place under reservation other areas where deemed necessary.
34. To render the Dominion Government the fullest co-operation in all matters affecting our security, thereby making evident our full support of Canada's partnership in the Atlantic Pact.

The foregoing programme can be carried out only on the basis of free enterprise. The fundamental issue before the electors is therefore whether they wish to continue the present administration with its progressive policies or wish to embark on an experiment in socialism.

We believe the people of British Columbia will again say emphatically that they want British Columbia to progress on sound business lines.

W. A. M. S. S.
Minister of Finance.

Byron D. Johnson
Premier of British Columbia.
