(Continued from Page One)

of the display is the handsome stand bearing the Legion Standard and the Union Jack. Both exhibits were designed and executed by Mr. A. J. Croxford, a veteran of World War I.

On Wednesday night from 6 to 6:15 p.m., a speech will be broadcast over the local radio station C.F.P.R. by Bob Macnicol, B. C. Representative on the Dominion Executive Council of the Canadian Legion of British Empire Service League, reminding listeners of the significance of "Poppy Day" and outlining briefly the work of the Canadian Legion's two thousand branches which stretch across the entire Dominion. Arrangements have also been made with the C.B.C. and other broadcasting companies to feature short announcements concerning Poppy Day in various programmes across Canada.

A new version of the poppy movie-trailer has been prepared and will be released through 188 first-run theatres across Canada this week and will follow the newsreel.

On Sunday next, members of the local branch of the Canadian Legion and its Ladies Auxiliary will attend the annual Remembrance Sunday service at the First United church

**TERMINUS MINE SHIPPING ORE**

**STEWART**—Finishing a successful season's work on the Terminus Mine on American Creek, about twenty-one miles from Stewart, Owen McFadden shipped to Trail smelter, over nineteen tons of ore averaging better than \$205 dollars to the ton.

**STEWART PEOPLE ARE ENTERTAINED**

**STEWART**—Members of the Stewart Board of Trade were guests of the Union Steamship Company on the arrival of the ship recently. Those represented were Stewart Board of Trade, W. R. Tooth, Ernest Love, Gordon Rothnie, and William J. Crawford. Union Steamships, G. A. Rushton, traffic manager; A. W. Newman, general freight agent.

The cordial relations and the excellent co-operation of the Steamship Company were stressed by the Stewart delegation.

A suggestion was made that, if possible, the company make Stewart the first call northbound instead of at Alice Arm. This would enable tourists to see Alaska in daylight instead of in the dark as at present.

The possibility of reducing the freight on ore shipments to Trail, was discussed. It was thought that group shipments might be made, and the freight agent Mr. Newman promised to look into the matter.

In thanking the company representatives Mr. Tooth said the unbroken service during the recent period of inactivity in this district, was much appreciated.
