Pay Slash Is Answer To Loggers' Demands

Operators Seeking Cut At Hearing By Board

VANCOUVER (CP)—A thirteen-cent per hour pay slash is the reply to wage demands of 31,000 coastal loggers. Lumber camp operators proposed the wage cut to a conciliation board hearing loggers' demands for 15-cent per hour wage increases. The hearing continues today.

Town Half Wiped Out

Val Senneville Hard Hit by Wind-Blown Forest Fire

VAL SENNEVILLE, Que. (CP)—Twelve families are homeless in this mining village as a result of a savage forest fire which wiped out nearly half of this community last night. Val Senneville is 15 miles east of Val d'Or and 200 miles northwest of Ott.

There were no injuries but property damage is expected to be heavy.

Telephone and telegraph communications were cut off by the storm. Residents were evacuated.

GETS LIFE FOR ASSASSINATION

SEOUL, Korea (CP)—Lt. Ahn Doo Hi, 33, has been sentenced to life for assassination of the nationalist leader, Kim Koo, on June 26. He confessed that he killed the one time Korean president in exile when he learned that Kim had sought to overthrow the present government.

CATHOLICS IN REVOLT

PRAGUE (CP)—Police cut down a "revolt" in a Slovakian town where Roman Catholics were defending their priest from threatened arrest and attempting to set up their own local government, a Communist magazine reports.

Villagers, led by fighting peasant women, beat up the chairman of the Communist-controlled government.

Two persons were wounded and several arrested at the town of Strecno in northwest Slovakia.

The magazine said the village had its electrical power cut off for two weeks, apparently as punishment. It claimed the citizens chose an illegal council of their own to replace the local government.

MENTAL CASE GOES BERSERK

WINNIPEG (CP)—A man described as a "mental case" went berserk last night, slashing four persons with jagged glass. He is believed to be Peter Slusarchuk, former patient in the provincial mental home.

The man beat Mrs. Florence Smith, aged 45, to the ground, slashed her severely, kicked in the window glasses of three buses and taxis and slashed the others. He was finally overpowered by two unidentified men.

HOUSING IS BIG PROBLEM

QUITO (CP)—The Ecuadorian government faces the problem of housing 100,000 homeless from Friday's earthquake which gutted fifty mountain communities and caused thousands of deaths.

A spokesman for President Gale Plaza Lasso said that there was no official death list yet but that it might exceed 4000. He said there were 3200 deaths in Pelileo alone.

In the ravaged city of Ambato, seventy-five percent of the houses still standing must be torn down.

INTERCOASTAL RUN RESUMED

MONTREAL (CP)—Montreal-Vancouver all-water service via Panama Canal resumes August 30 with the sailing of the Canadian freighter Seaside. Inaugurated last May, the service had been discontinued by the deep-sea shipping strike.

Only spectacular play of Goalle Frank Ashdown held Hamilton from running up a lopsided score.

Winnie At Strasbourg

To Take Part in Gathering to Form Council of Europe

STRASBOURG, France (CP)—Winston Churchill is scheduled to arrive today to press the appeal for admitting western Germany into the newly-created council of Europe.

Foreign ministers of ten founding countries opened their first session yesterday, inviting Turkey, Greenland and Iceland to the council which sponsors the hope that some day it will be a full-fledged European union.

Admission of Germany, in the proposal, would be after the elections next month.

HAMILTON EVENS UP

North Shore Defeated In Second Game of Dominion Football Finals

CALGARY (CP)—Hamilton's fast aggressive eleven ran North Vancouver's vaunted North Shore club into the ground last night to take a two-to-one victory and tie the Dominion Football Association championship at one game each.

North Shore had won the first game Saturday night 4 to nil.

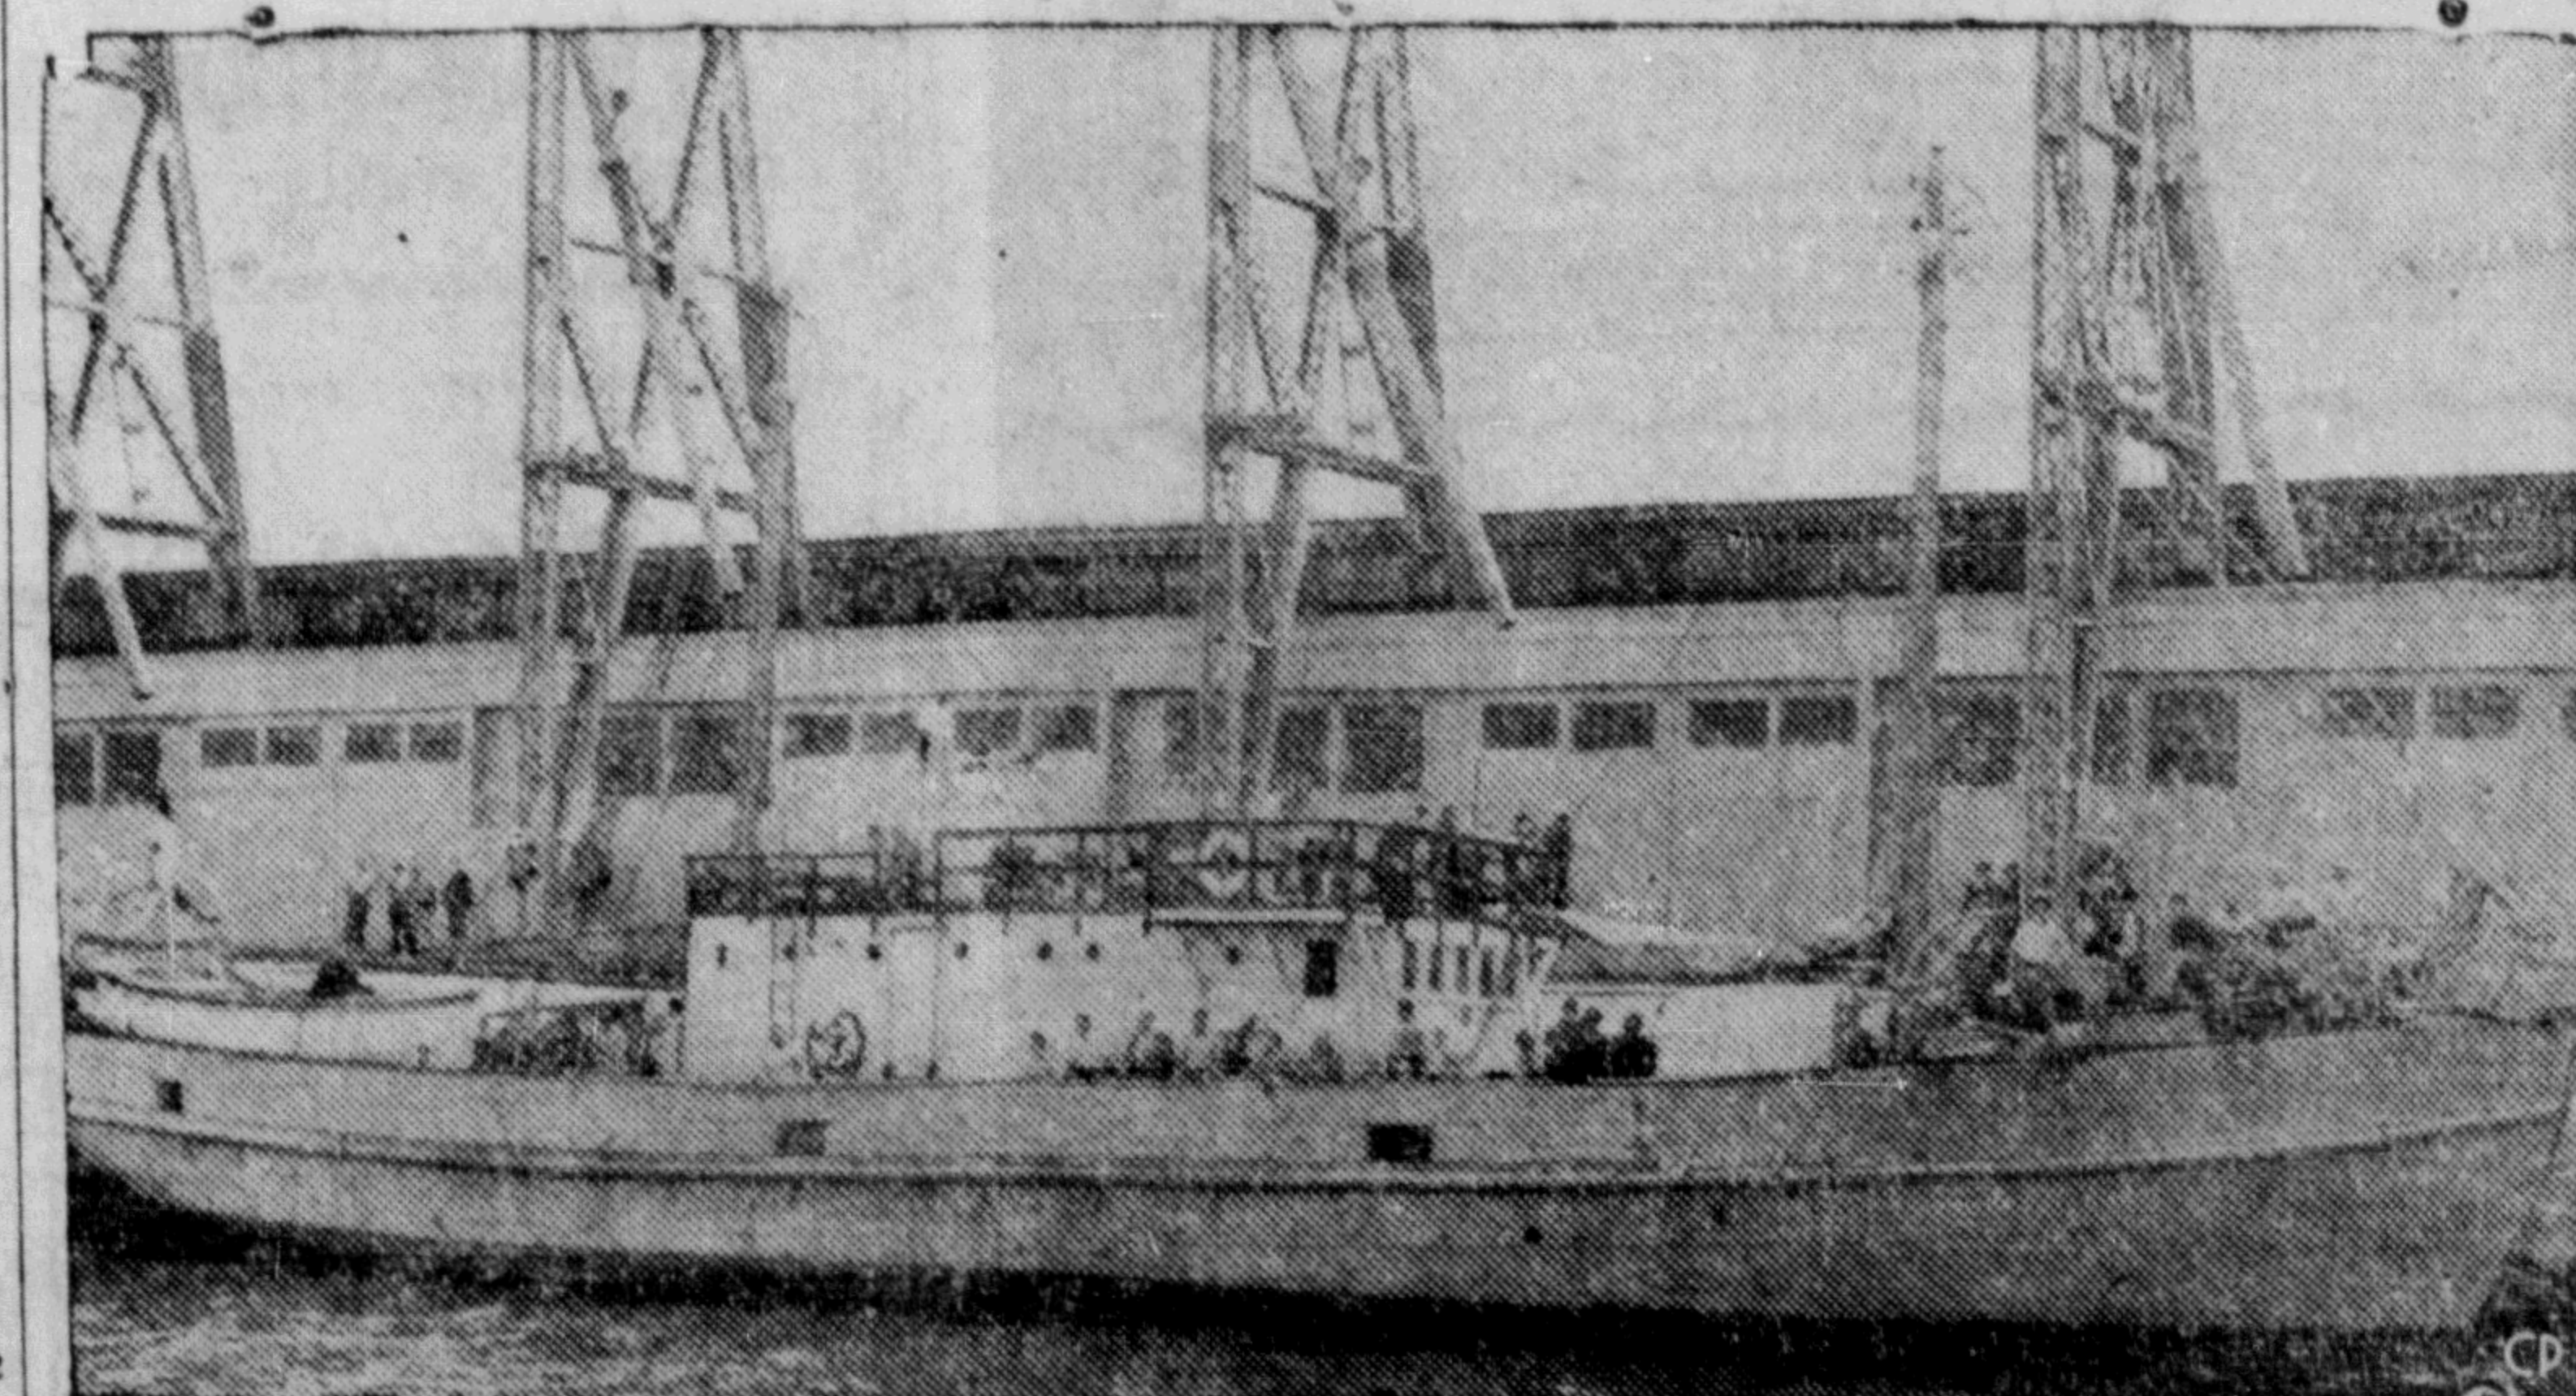

The third and deciding game of the series will be played here Wednesday night.

Hamilton's light forward line took command of the play from the opening whistle and never appeared close to defeat. They tackled their heavier opponents with zest and abandon, bringing roars of approval from a non-partisan crowd of about 2,000 fans.

Only spectacular play of Goalle Frank Ashdown held Hamilton from running up a lopsided score.

THREE IN A JEEP—Defence Minister Claxton, left, and Maj-Gen. Chris Vokes, officer commanding the army's central command, escort Dr. P. O. Choung, representative of the president of Korea, in an army jeep to a night fire-power demonstration at the Canadian Army's big reserve camp at Petawawa, Ont. Dr. Choung, who is Korean representative at the United Nations, is visiting Ottawa in an attempt to have Canada establish commercial and diplomatic relations with his country.

REFUGEE SHIP—The 250-ton ship Parnu, a former Canadian minesweeper, brought 134 Estonian and Latvian refugees to Canada after a rough 17-day Atlantic crossing from Sweden. This is the second refugee ship to reach Halifax within the past few weeks. The Skipper of the Parnu Capt. Josef Sukdorf, told Swedish port officials he was sailing for Norway, but set a course for Halifax, instead. (C. P. Photo)

AIR LINE SEEKS SEAL COVE LEASE

A request by Queen Charlotte Airlines to sub-lease from the city a part of the Seal Cove Air base for aircraft maintenance and hangar purposes was referred to the finance committee by city council last night. The finance committee will take the matter up with the Department of Transport and other agencies before recommending a decision.

The air line requested an area 350 feet long and 200 feet wide and use of a ramp at the opposite side of the concrete apron to that used by Canadian Pacific Air Lines. The company now pointed out that it is using wharfage space leased by the Department of Fisheries and that its increasing activity made it desirable to have its own base facilities.

Repair and maintenance of Q.C.A. planes is now carried out in the former air force hangar under arrangement with C.P.A. which leases it from the city. The aldermen were not certain of what might be involved with the Department of Transport and the Department of Fisheries so instructed the finance committee to investigate and report.

Any lease granted would have to terminate at the same time as the lease granted to C.P.A. since the city's lease from the Department of Transport is for only five years.

The petitioners pointed out that, in addition to servicing their own planes, they could provide accommodation for visiting private aircraft. If the lease is granted, they also plan to install their own fueling facilities.

MARRIED WOMEN TO BE REPLACED

VICTORIA (CP)—Replacement of married women in the employ of the government is the plan of the Civil Service Commission, a top-ranking official said yesterday.

"We don't want them (married women) to get the idea they are firmly implanted in their jobs," the spokesman said. He confirmed reports that all married women civil servants have been asked to submit to the Commission open resignations to be kept on file until the time comes when they can be replaced or their positions abolished.

EXPLOSION IN SUB-STATION

Vancouver Power and Transportation Interfered With For Almost An Hour

VANCOUVER (CP)—An explosion and fire in Hornepayne sub-station of the British Columbia Electric Railway Co. in the Burnaby district left Vancouver and most of the lower mainland area without electric power for nearly an hour yesterday. The failure occurred at 1:50 p.m. and power was restored shortly after 2:35 p.m. No one was injured although the station operator had a miraculous escape from death when he was thrown to the floor by the violence of the impact.

Street cars, trolley buses and interurban trains in the affected area were brought to a standstill as well as all electrically-powered industrial machinery.
