### NEW KIND OF COMEDY HERE

"Sitting Pretty" Coming for Four Days Starting Tomorrow

Something different and delightful in the way of screen comedy is promised in "Sitting Pretty" which comes to the Capitol Theatre here for four days commencing tomorrow. It stars Maureen O'Hara, Robert Young and Clifton Webb.

The story is that of a versatile, mysterious and sophisticated gentleman who answers an advertisement for a baby sitter with results that almost wreck the marriage of a much-in-love couple and throws an entire community into an uproarious tumult.

#### VERSATILE MATERIAL

Agar-agar, a culture medium for bacteria, is also an ingredient of bird's nest soup.

**AGRICULTURAL ECONOMY**  
China is essentially agricultural, with nearly 80 per cent of the population dependent on the land for livelihood.

ESTIMATE \$50,000,000 WHEAT CROP FOR ONTARIO—Hon. T. L. Kennedy, minister of agriculture, has estimated that the farmers' return on their unprecedented fall wheat crops in Ontario will be well in excess of \$50,000,000. Bumper crops mean that farmers will have more money to spend on farm improvements. Here Bea Brokenshire watches harvested wheat pour from a combine.

## HELPING MAKE GOOD CITIZENS

Attend Concert and Support Boy Scout Work

Scout training is designed to supplement the training that boys receive at home and at school.

The object is to help develop the boy into a man, capable of standing on his own feet, to train him to be independent, and help him to be of service to his community.

The foundation of all scouting is the Scout Law. It is the moral code of the world put into small compass, expressed in a language a boy can understand and when put into everyday practice, helps to lead a boy to good citizenship.

You can help in the training of our Boy Scouts by supporting the Symphony Concert to be held in the Civic Centre Auditorium on November 5. Admission by ticket, 75 cents adults; 35 cents students. (1)

## ELISSA LANDI'S DEATH IS NOTED

Vancouver papers make quite extended reference to the death in New York last week of Elissa Landi, actress and novelist, whose childhood was spent on the coast. Her mother was known as "Mrs. Francis" but she was really a daughter of the Empress of Austria. According to the papers, she was banished from court for allegations concerning the death of a brother.

It was in Vancouver she met Count Carlo Zenardi-Landi. He was then a civil engineer in the service of the Grand Trunk Pacific Railway. He had supervision of the bridge building over the rapids near Prince Rupert, this being named after him.

## WHEN YOU BUY A WATCH

Keep this in mind—you mustn't expect something "high grade" unless you pay a price.

By a "decent price" we don't mean the really must pay a lot of money.

Watches haven't advanced as much of other things.

At least ours haven't—we bought the of our stock quite a while ago.

Railroad watches have actually been sold low as before the war.

But for a reliable watch it isn't sold below \$30.00 to \$40.00.

If you come here that much will get watch good for 15 to 20 years.

If you've been thinking of watches a little bit, it's time you called on us.
