STEWART WHARF CONTRACT IS LET

Howie & Latimer, Vancouver contracting firm, now carrying out the buildings of a new dock at Seal Cove here for the Department of Transport light-house service headquarters, have been awarded the contract for major repairs to the government (Premier) dock at Stewart, according to word received in the city. The job will amount to about \$50,000, it is understood.

Forty-one new merchant ships with a total tonnage of 204,000 tons were delivered by Britain's shipyards in December 1948.

TERRACE TOPICS

Mr. and Mrs. Thomas Peddie of Vancouver are spending a few days here as the guests of Mr. and Mrs. C. H. Thomas. Years ago Mr. Peddie was school principal here. He and Mrs. Peddie came from Prince Rupert where they have been visiting with their son-in-law and daughter, Mr. and Mrs. W. H. Wilson Murray.

The Misses Dorreen and Margaret Murie left this week for a holiday trip to Vancouver.

Mrs. Dan McKinnon, one of Terrace's real pioneer women, is a patient in the Red Cross Hospital.

Mr. and Mrs. Douglas Frizzell were week-end visitors in Terrace.

GUIDE LEADER OFF TO BANFF

Miss Honora L. Silversides is one of five British Columbia girls leaving this week to attend the first Dominion-wide Guiders' Camp August 8 to 19 at Banff. There will be Guiders from all parts of Canada spending the ten days hiking and adventuring in the open in the mountains around Banff.

active leaders in the Guide movement—young, energetic, and good hikers. They represent 35 of the 5,000 Canadian volunteer leaders. They work in office and school, or laboratories during the year but find time to take up Guiding as a hobby. In addition they find time to do a great deal of hiking and enjoy week-end trips with their Guides. Leaders of Girl Guide companies are not all working girls. Most of the 14,000 'teen-age Girl Guides who camped in Canada this year, were able to do so because of work done by the volunteers from the ranks of the young married women. This is the first "Holiday" trip

sponsored by the National Headquarters but there have been many trips when delegates have travelled to other countries for special international events. Mrs. D. E. S. Wishart, Chief Commissioner for Canadian Girl Guides, is most enthusiastic about this trip which has been sponsored by the Dominion Camp Committee. She believes that more Guiding can be made a real and interesting hobby for young, active women of all occupations, the more Guides will be enabled to make a happy, healthy contribution towards good citizenship in their home towns.

SHIPS and WATERFRONT

Southbound from a regular scheduled cruise voyage to Alaska with a capacity list of passengers on board, C.P.R. steamer Princess Kathleen, Capt. Graham Hughes, was in port from 9 a.m. until 12 noon today. Something was added to the usual thrills of the northern voyage yesterday when the Princess Kathleen ran into a spectacular thunder and lightning storm while cruising through Behm Channel between Revilla Gigedo (Ketchikan) Island and the mainland. On one side of the ship skies were clear. On the other were fast moving billowing rain clouds, giving forth brilliant flashes of lightning, reverberating thunder claps and copious showers.
