## Wedding Rite Impressive

Impressive double-ring united in marriage ceremony, only daughter of Mrs. W. G. Murray, and Joseph Lavigne, of Mrs. M. Beaton, couple exchanged vows in the Priest's Annunciation Church on Wednesday. The nuptial was beautifully decorated with spring flowers. Rev. O.M.I. officiated. Mrs. Morin presided at the altar.

The bride, dressed in a scalloped sweetheart neckline with a delicate quilted with brilliant outlining the neckline. The gown was enhanced by an illusion veil which misted from a poke bonnet crown, suggesting a halo effect. This was fastened to the veil by orange blossom. Her only jewellery was a necklace of three strand pearls, a gift of the groom. She carried a bouquet of yellow roses and heather. The groom wore a yellow rose from the bride's bouquet as his boutonniere.

The bridesmaids, dressed identically, were Miss Jean Faught, in orchid mauve, and Miss Ann Dumas, in ice green. The satin gowns were complemented by long matching gloves and veils which fell from a spray of carnations. The bride's gift to her attendants was a necklace of deep mauve and deep green brilliants to match their respective gowns. They carried colonial bouquets.

Reginald Lavigne, brother of the groom, was best man and Melvyn Thompson was groomsman. At a reception held in the Naval Drill Hall annex, over one hundred guests were received by the mother of the bride and the mother of the groom. As a special feature, the bridal party was piped into the hall by Piper William MacKay. Father Rayner proposed the toast to the couple and Ralph Morin proposed a toast to the bride. Reginald Lavigne proposed the toast to the bridesmaids. The guests were entertained by dancing and Scotch reels which were accompanied by the pipes.

Delicious refreshments were served later in the evening by serviteurs, Mrs. R. Heaton, who served the wedding cake, Mrs. N. Sheppard, and the Misses Heather Brewer, Lorna Donaldson, Agnes Smith, Lorraine Barb, Herdis Holkestad, Yvonne Morin, Rosaline Thain, Irma McKinnon and Betty Stordale.

The couple received telegrams of congratulations from as far away as Scotland. The bride's mother's ensemble was a dusty rose dress with black accessories and the mother of the groom wore navy blue with pale blue accessories.

The happy couple left on board the Prince Rupert for a brief trip to Ketchikan, Alaska. The bride's travelling costume was a soft rose suit with navy blue accessories and a natural coloured coat. Her corsage was yellow rosebuds.

The couple will take up residence in Prince Rupert. Both are well known and popular members of families of many years' standing here.

LONDON - Two wedding dresses have been obtained by the use of airwaves, who may marry during their tour of duty in the Command. The two dresses are of different design, in white figured satin, complete with veil and coronet wreath of orange blossom.

## WHAT IS HOME WITHOUT A GARDEN?

There are a few people who are inclined to wait too long before planting but, say the experts, for everyone in that category there are at least twenty who will rush. Both extremists lose. Generally there is no need to hurry planting, a few days or even a few weeks in most parts of Canada will not make much difference. And with very tender things that will not stand any frost, it is always best to wait until soil and air are really warm.

In the vegetable line some further explanation is needed. Here the good gardener always spreads out his sowings of the different kinds. The sound plan is to divide the seed into at least three parts. The first is sown a little on the early side, the second about the normal time, the last at least two weeks later than usual. With a standard long season, vegetables like carrots, beets, beans, and so on, even more spreading out is advisable, as this lengthens the season for fresh-from-the-garden crops.

**First Plantings**  
Aside from those extra early jobs, which should be carried out just as soon as one can get a spade in the ground—lawn work, sweet peas, planting nursery stock etc.—the other garden routine divides itself into three spring phases. There is the planting of the very hardy flowers and vegetables which do not mind a bit of frost or even snow. There are the semi-hardy sorts that can stand a little frost, though they do not like it. Finally there are the very tender plants that frost will kill and even severe cold will damage.

In the first category come flowers and vegetables that under normal conditions would seed themselves. These are things like alyssum, cosmos, poppies and scores of other flowers. They are all specially listed as hardy in any good Canadian seed catalogue and are similarly described on the seed packet. Among vegetables in this tough group will be lettuce, spinach, carrots, parsnips and, of course, garden peas.

In the second group there is a great variety of flowers. It is at this time, when danger of serious frost has passed, that we get started plants transplanted outside—things like petunias, zinnias, etc. In the vegetable line, beans, the first corn and potatoes, the main planting of beets.
