Miss Lillian Ham Becomes Bride of Arthur Govett at Cathedral

A double ring ceremony of interest in Calgary, Vancouver and Prince Rupert took place at 11 o'clock this morning at beautifully decorated St. Andrew's Cathedral, Prince Rupert when Lillian Margaret, youngest daughter of Mrs. Bessie Ham and the late Mr. G. R. Ham of Calgary, became the bride of Arthur Ralph Govett, son of Mr. and Mrs. G. Govett of Vancouver. Rev. Basil S. Procter officiated.

The bride, given in marriage by her brother, Cliff Ham, wore a burgundy wine tailleur with grey accessories touched with pale pink. Her corsage was of gardenias, sweetheart roses and heather.

The matron of honor, Mrs. J. D. McRae, was attired in a grey tailored suit with black accessories and wore a corsage of gardenias and shattered two tons pink carnations.

Jack McRae was groomsmen. During the signing of the register, Peter Lien played "Because."

A reception for intimate friends followed at the home of Mr. and Mrs. C. G. Ham. The rooms were tastefully decorated with fall flowers and streamers. Toast to the bride was proposed by J. D. McRae, the groom responding. The bride's table was centred with a hand-

MERCHANTS—Do you know that the Daily News is the most effective medium of advertising in Prince Rupert? No one misses your message if it's advertised in the News. It's the really efficient way of putting it over.

Delayed on account of having again taken over the calls at Bella Coola and Rivers Inlet, Union steamer Catala, Capt. Ernest Sheppard, is not expected before tomorrow afternoon or evening from Vancouver and waypoints.

Mr. and Mrs. Robert Cameron returned to the city on last night's train from a holiday trip to Montreal.

Serviteurs were Mrs. Josephine Sikes, Mrs. Claire Warskett and Mrs. George McClintock.

Mr. and Mrs. Govett left by air for a honeymoon trip in the south after which they will take up residence at Trail where Mr. Govett is agent for C.P.A.

"MARGIE" HONORED—This picture was taken at the Court House steps on the bright sunny afternoon when Miss Margaret Brain was welcomed home after her triumphal southern trip when she was adjudged "Miss PNE" and won a trip to Hollywood as British Columbia's most beautiful girl. Acting Mayor A. S. Nickerson presented her with a key to the city in the form of a handsome brooch. Shown in the picture, left to right: Mrs. Betty Norton, who accompanied "Margie" on the trip to Vancouver; Mrs. Leslie Brain, the proud mother of "Miss PNE," "Margie" herself, and Acting Mayor Nickerson.

THIS AND THAT

"Good morning—I'm from the U.S. Income Tax Bureau!"

N.H.A. DESIGN-OF-THE-MONTH

Here is an attractive home in the popular bungalow style which has been designed especially for narrow properties. The frontage of the house is approximately 21 feet and cost has been held to the minimum without sacrificing all the features of good planning and essential accommodation.

Featuring two bedrooms, bathroom, living room, separate dining room and kitchen, the plan arrangement affords the necessary privacy and communication between rooms without undue hall space.

For those who object to use of the living room as a passageway, the kitchen arrangement, which provides easy access from the front to the rear of the house, may have strong appeal. Use of the kitchen for this purpose has been accomplished without destroying its more important function. The housewife will appreciate the proximity of the front and service entrances to the kitchen, a consideration which will save her many steps during meal preparation.

Under the terms of the National Housing Act, 1944, financial assistance is available to Canadians wishing to build new houses such as the one illustrated.

Dimensions of the plan are so arranged that the house may be built in frame, solid brick or brick veneer. The area of the house for estimating purposes is 800 square feet.

Found in HOME TOWN SHOPS

There was a time when shortage of trouser hangers provided a good excuse for the man of the house to hang his pants on the floor or over the back of a chair but when the Lady of the House sees the new aluminum hangers that are on sale in town, the guy who wears the trousers in the family is going to be in line for a lecture on the proper care of clothes.

Someone has discovered how to make water come out of a tap all bubbly and in doing so they have produced non-splash water—according to claims by the manufacturer. The new-type faucet has an attachment with a series of small holes in it and, when the valve is open, the water draws air in through the holes as it passes, "vitalizing" the H₂O. This is supposed to help in the making of bigger and better soap suds and clearer drinking water.

Penny-wise ladies are constantly looking for ways of keeping the family budget in the black these days. Acquiring a plastic soap-saver will help out a bit. They are attractive-looking little blue or red gadgets with a short handle on the end of the soap holder which is circular and has two grill faces. Through a little door on one side leftover pieces of soap can be pushed into the container and, when it is time to do the dishes, just shove the container under the water tap or swish it around in the basin of water.

Did you ever see a skirt with a cuff? It is like a hem inside out but it isn't fastened tight to the rest of the skirt, just tacked here and there where buttons add to the decoration of it or perhaps the latter are just to assure the inquisitive that the wearer really has the skirt on right side to. The cuff is a new wrinkle on the pencil-slim style skirt and as far as we know it isn't intended to serve any practical purpose although it does look like a good thing to be wearing if you happened to have a dozen oranges break out of a bag—at least the cuff could pinch hit for pockets in an emergency.
