Progress of U.N. Permanent Headquarters

Steelwork on eighteen of the 39 stories of the United Nations Secretariat building in mid-Manhattan, New York, was completed in July when this picture was taken. A contract was signed by U.N. and the American Bridge Company for the furnishing and erection of structural steel for the meeting hall area of the Permanent Headquarters. The contract calls for 10,500 tons of structural steel at a cost of \$2,225,000. Delivery is to be made by next October, and erection is expected to be completed by April or May 1950.

himself. Mr. Kafetz disclosed that the operation of the hotel would be personally planned and arranged by George Mulligan whose father, David Mulligan, is head of the Biltmore Hotel chain in New York. (Mr. Mulligan visited Prince Rupert last year). There will be a contract with the J. Arthur Rank interests for the handling of the theatre. Apart from the definite commitment that the project had been finally decided upon, Mr. Kafetz declined to go into matters of total cost, dimensions, or time for construction. "Those are things for the architects. All I know is that it is going to be done." About the only possible type of construction would be reinforced concrete. Design and appointments, however, will be such as to combine the requirements and needs of commercial interests and the tourist trade. One architect will be from Vancouver and another from Toronto.

The hotel may face the harbor instead of Second Avenue, Mr. Kafetz suggested. Mr. Kafetz stressed the importance of the hotel project to the community and suggested that "if I build a hotel here it will improve the whole area. I am willing to spend my own money in Prince Rupert which it is obvious is going to be a much larger city than it is today."

Mr. Kafetz expressed amazed pleasure at the scenery here and all the way up the coast. It was the first trip he had made here. "Why this country should be swarming with tourists!" he enthused. "It is a great opportunity. The country should be much more greatly and effectively publicized. Take myself, for instance! All I knew about Prince Rupert was that it was 'some town away up north.' I had no idea of the beauty and attractiveness." He emphasized the necessity of providing something to hold tourists. A good hotel would be one of those things. The railway company and local interests could develop attractions. Mr. Kafetz had a session with the city council late yesterday afternoon. He also visited the former United States Army administration building now held by War Assets Corporation. After seeing the administration building he intimated his interest in purchasing it for conversion into an apartment house.

Today Mr. Kafetz left for a visit to Terrace and the Lakelse Hot Springs in which, however, he would make no admission of direct interest. Accompanying Mr. Kafetz here is Oiler Besner, through whom he became interested in hotel possibilities here, and Ed Kellner, a prominent Vancouver mining man. The party will return south Friday night on the Prince George.

HOW CAN I ? ? ?
By ANNE ASHLEY
Q. How can I clean enamelware in which food has been burned?
A. By filling with cold water, adding one tablespoon of washing soda for every quart of water, heating slowly, and then letting it boil for about 10 minutes. The burnt food can then be removed without difficulty.
Q. How can I keep fresh bread from crumbling?
A. Try plunging hot water before cut fresh bread, and find that the bread crumbles.
Q. How can I prevent on siler that is...
A. The silverware polish if stored away of camphor.

A WEEKLY INFORMATION
MONTREAL, August 25.—"You can't pick up a hair!" writes a reader. "Then, after several months, I found out how to cure with Cupres!"...
A small quantity at a time. After 15 minutes, wash the hair and water and while it's still damp, comb through with Works like magic—just follow the directions with every Cupres—available at drugstores everywhere.

Do You Worry A Little about the results of your pickling?
Here are two "must have" for "Pickling Time" to make light work of it...
HEINZ WHITE VINEGAR!
When you are shopping for vegetables and fruits for canning, you insist on the best! Why not do the same with vinegar? Heinz White Vinegar is made from corn, barley, malt and rye—distilled and then aged in wood to bring out the full aroma and flavour. Excellent not only for pickling and preserving—but for salads and table use, too!

Is Your Family The Kind That
WHEAT? It's so good—and so good for you! For a Minute "Cream of Wheat" contains Iron, Calcium and Phosphorus for diets deficient in these elements. Yes, a "Cream of Wheat" breakfast makes good sense—and good eating! Serve "Cream of Wheat" tomorrow morning—like this: Chop dried apricots, figs and raisins. Stew together and flavor with lemon juice. Use for topping on "Cream of Wheat".
Your Eyes are busy all day long, working hard for you...
MURINE... and make a year-round, every-day habit of it. I find Murine is as refreshing, every night and morning as washing my face and brushing my teeth.
