

September 21, 1940
So far this year there have been 33 fire alarms in Prince Rupert but damage for the entire year to date has amounted to a mere \$25.

ALGONQUIN CAPTAIN
with a horse he got his owner recently. The animal was beaten and drunk his master.

Miss William Jones has been appointed to the teaching staff of Queen Street School to take the place of Miss Margaret Shiel who has been transferred to Queen Memorial Junior High School to fill the vacancy by the retirement of James Clark.

Mr. C. St. Clair, district foreman left on last evening's train for his con-

their horses. As Mrs. Gordon, baby 800 of them were in the we should be called on to battle with those 35,000 miles of lines between the hotels turned around between the 11 states of the Union, when

with money masters as they are in the United States today, those railways should bring up to date millions of American dollars if they were put on the market.

The

Grand Trunk Western with

2,140 miles of double track

between Toledo, Detroit, Fort Wayne and Chicago, with branch lines and a railway ferry

from Muskegon across Lake

Michigan to Milwaukee would

make a road-railway system

which should bring a world of

money to pay off old C.N.R. debts

and help organize the new sys-

tem in our own country.

Now to see the compensation which I am sure of many miles off the right line, the fact remains after 30 years of this trial for the C.N.R. to be still in the waste capitalist class and thus

time for a change.

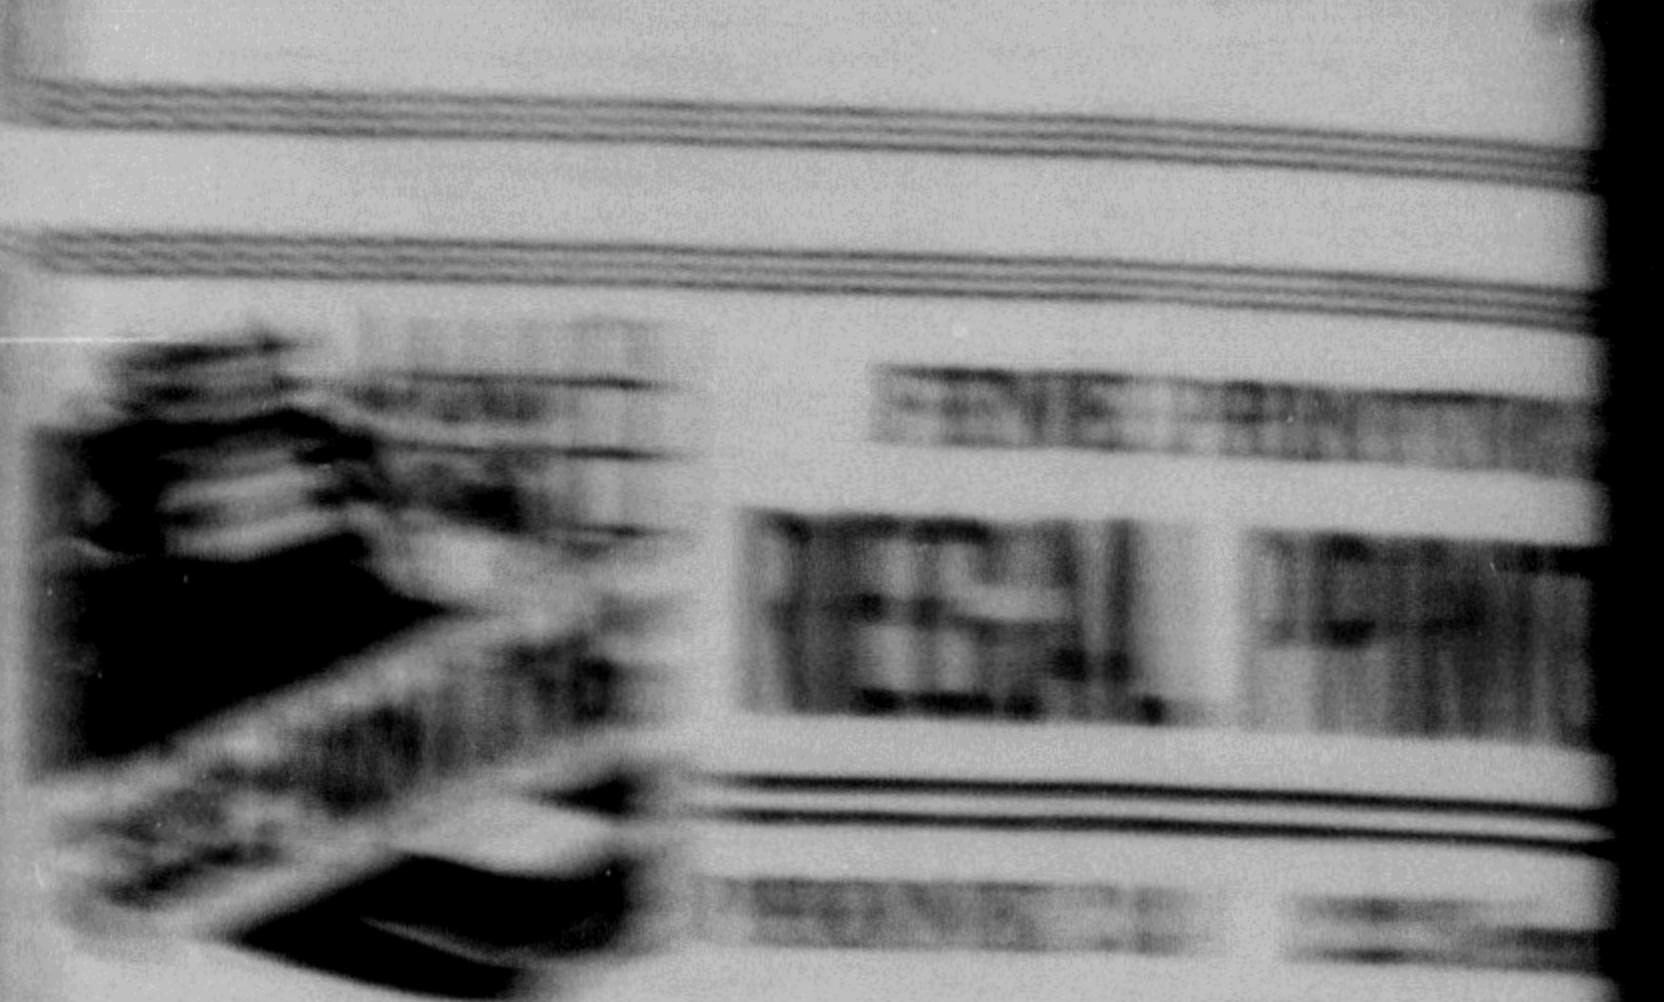

NOTICE OF CONSTRUCTION UP-
TO-DATE NOTICE OF APPROVAL
of the Canadian Pacific Railways
to build a bridge across the
North Saskatchewan River at
the village of Highwood,
Alberta, for the construction
of a bridge over the river.
