

# SHIPS and WATERFRONT

With a large cargo of lumber and other building materials for the Columbia Cellulose Co., Frank Waterhouse freighter Southholm, Capt. William Cosgrave, is due at Port Edward tomorrow. The Southholm will proceed from Port Edward to Alice Arm and will call here southbound.

Delayed by making an extra call in Rivers Inlet on the way north, Union steamer Catala, Capt. J. J. Halcrow, arrived in port at 12:30 midnight last night from Vancouver and way-points, sailing early this morning for Port Simpson, Alice Arm and Stewart whence she is due back here tomorrow afternoon southbound. This is the final voyage of the Catala on this run to which the steamer Camosun will return next week.

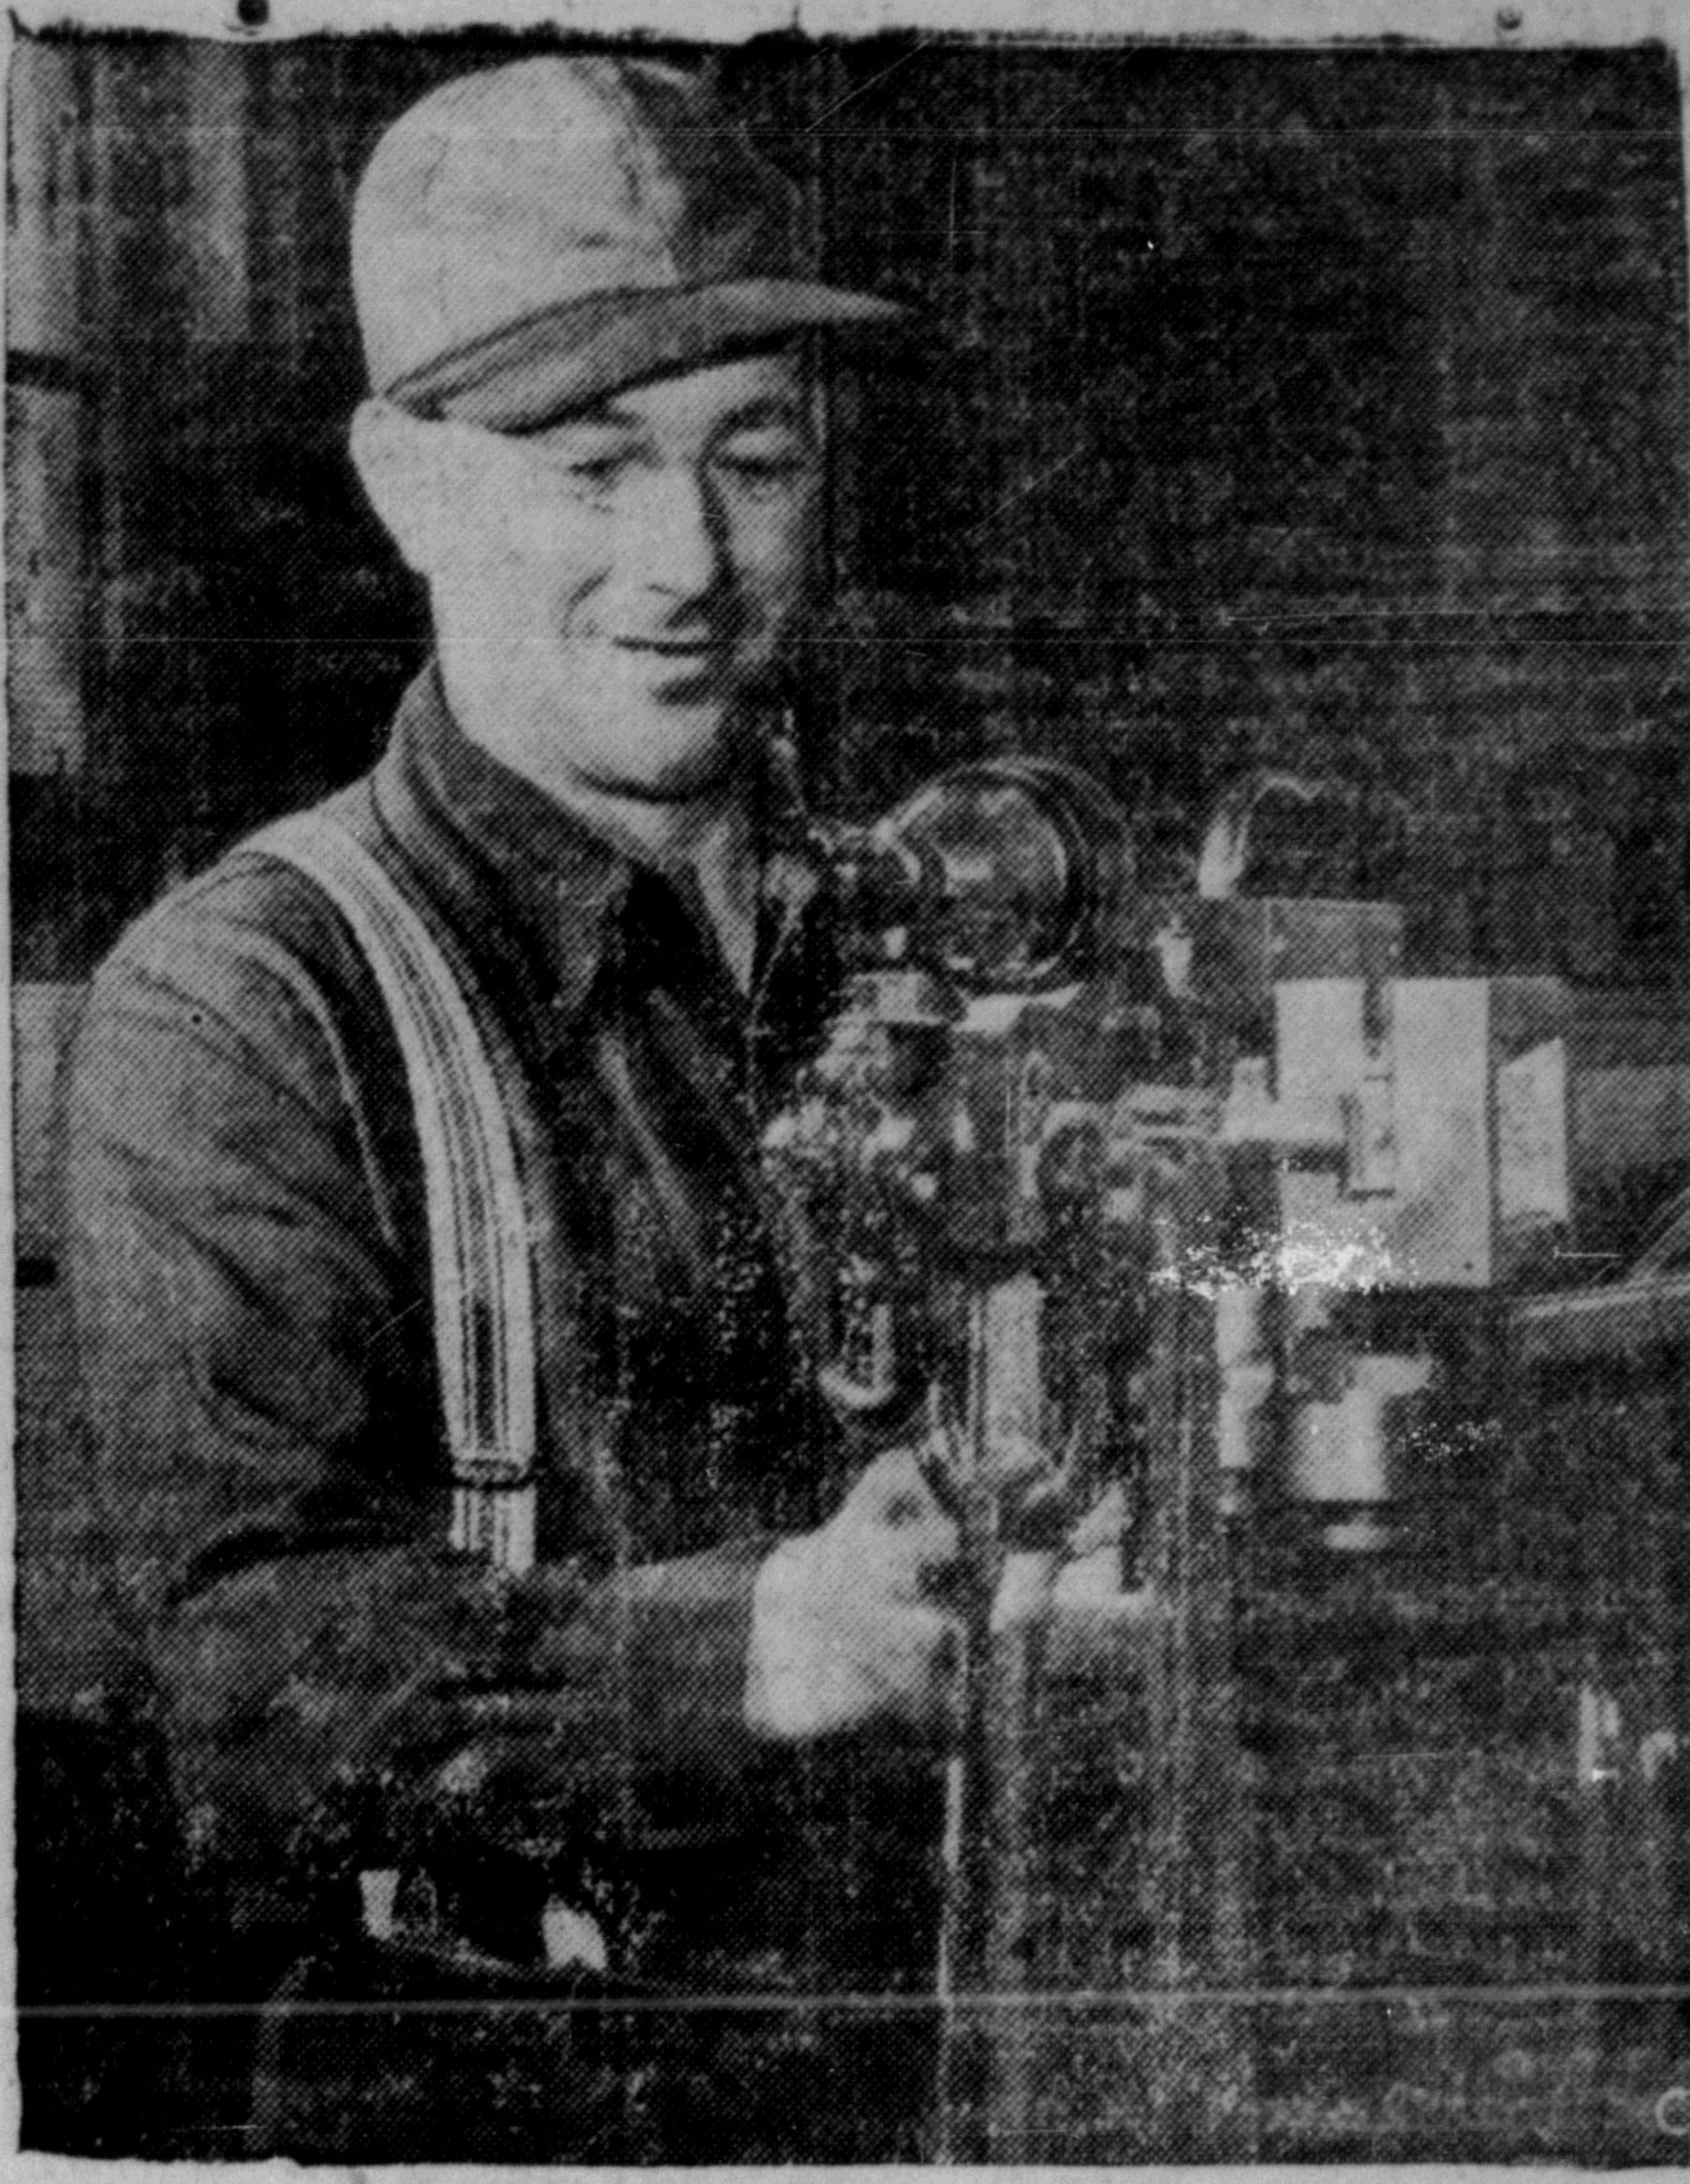

Union steamer Coquitlam, Capt. Alf Aspinall, returned to port at 7:30 last evening from south Queen Charlotte Island points and sailed at 10 p.m. for Vancouver, Butedale, Namu and Vancouver.

able to get single women employees, they had to persuade former employees now married to return to fill the vacancies. In this particular case referred to in the paper the committee felt that the girl mentioned had failed to apply at the local office for employment.

The local employment situation is very favorable and recent arrivals in the city have been able to get employment within a few days of coming. With the opening of the fishing season and its attendant activities, employment should soon reach a high peak.

Present at the meeting were J. S. Wilson, chairman, G. Anderson, Robert McKay, J. C. Glicker, R. P. Smith, Alex Haig, Victor Whiting, local manager, Unemployment Insurance Commission, and G. Waterman.

\$100,000 WINNER—Bill Cowley, 36, of Kinley, a small village 45 miles west of Saskatoon—won \$100,000 recently when Russian Hero on which he held an Irish Sweepstakes ticket romped home the winner of the Grand National. This photo shows Cowley at work in the grain elevator he operates. He plans to continue working. (CP Photo)

## SHANTY PASTOR IS GOING EAST

Cecil J. Carter and Manville Bedford, missionaries of the Shantyman's Christian Association of North America, will leave tonight by train for Prince George. After a two week stop in the interior city Mr. Carter will travel on to Toronto where he will attend the annual conference of the Shantyman's Christian Association being held there May 5 and 6. While in Ontario he will also speak at meetings in Stratford. Mr. Carter is hoping to be able to visit Carleton Place, the newest province of Newfoundland before he returns to his Prince Rupert charge about the end of May.

Slides featuring the Queen Charlotte Islands, Prince Rupert area and Central British Columbia are important parts of Mr. Carter's travelling kit. During previous trips he has

collection in many centres throughout Canada. Wherever he has gone he has found interested audiences and this year he expects to exhibit the collection to many new groups.

## Modern Etiquette

Q. Should a woman traveling with children on a train allow them to make acquaintances with other travelers?

A. Only when fellow travelers encourage the young ones. The children should be instructed not to intrude on others in any way.

Q. Would it be good manners for a girl to decline to dance with one man, then accept the same dance with another man?

A. Most certainly not. This is unbecomingly rude, and is a sure way to lose popularity.

Q. Are wedding presents ever sent to the bridegroom instead of the bride?

A. No never. All presents are addressed to the bride, even though sent by friends of the bridegroom.

ACCESSORY TOO LIVELY  
HATFIELD, Eng., @—Roger Bishop, 10, loves mice. When he entered a fancy-dress parade he decided a mouse would enliven things. It did. Women ran screaming in all directions. The mouse was barred, but Roger won first prize. He dressed as Mickey Mouse.

The United States paid Russia about two cents an acre for Alaska.

## GRIM STORM DRAMA HERE

"Key Largo" Showing at Capitol Theatre Today and Tomorrow  
Cinematic technicolor version of a famous Broadway drama of the Florida hurricane country "Key Largo" is the feature picture at the Capitol Theatre today and Tuesday. Humphrey Bogart, Edward G. Robinson, Lauren Bacall, Lionel Barrymore and Claire Trevor share starring honors.

Replete with excitement, action, thrills and stark realism, "Key Largo" centres in a strange, remote Florida hotel. Wooden shutters provide an eerie protection against the vicious hurricane. A powerful drama corrals the all star personnel into the setting. The climax is a clash between Bogart and Robinson in the midst of a hurricane.

Acting gems are said to be Bogart's quiet remarks in the face of Robinson's menacing gun, Barrymore's constant flow of invective from his wheelchair, Miss Trevor's singing for a drink and Miss Bacall's rejections of Robinson's advances.

INVENTED BY MONK  
Spectacles were invented by a monk in Florence, Italy, in 1135.

## TOTEM POLES BRIGHTENED UP

Totem poles on the railway reserve will look doubly attractive to tourists and others this summer. They will have been freshly colored, the varied tints and shades bringing out the various figures and faces in a highly effective and interesting way. These poles date back for generations and stress of weather had dulled original hues. There is a striking improvement today.

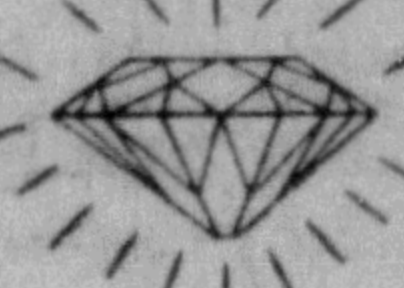

## Auction Sale For Curling Rink Aid

SMITHERS—A very successful auction sale was held in the Elks' Hall, sponsored by the Smithers Curling Club.

The affair was a White Elephant jumble sale and bargain basement scramble. Many assorted items donated to the Club were arranged around the hall and on tables. Tom Wark is president and Mrs. Edith Haffner, secretary. They were assisted by virtually the whole Club membership and intend to use the proceeds of this sale to build a new curling rink.

EARLY SHIPPING  
Egypt supplies the first historical record of ships.

## 60 YEARS OF ACCOMPLISHMENT

1889  1949

In the years following 1889, the cycling craze swept this continent. Men and women, both young and old took to wheels. For the first time, people began to see the country, and a demand arose for better roads. The development of automobile transportation in the present century was made possible by further expansion of our highway system and the use of Nickel alloys for important parts of automobiles. The use of these stronger, tougher alloys greatly reduced breakdowns and made the automobile safe and reliable.

## How Nickel Benefits Canada

Since more than ninety per cent of the Nickel produced in Canada is sold to the United States and other countries, it brings a constant flow of dollars back to Canada. In fact, Canada's Nickel industry is one of our chief sources of U.S. dollars so essential at the present time to maintain our foreign trade and make available products not produced in this country.

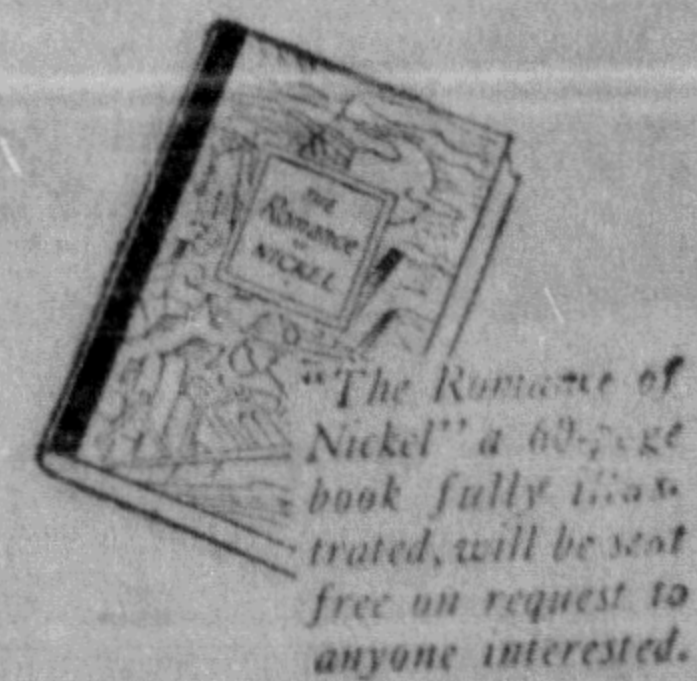

These dollars help pay the wages of the 14,000 Nickel employees, and help provide the dollars which make it possible to pay millions in freight to Canadian railways, to buy timber, steel, coal, machinery and supplies amounting to many millions each year.

These millions, flowing into all industries through the length and breadth of Canada, help create jobs for Canadians.

## CANADIAN NICKEL

FIRST PRODUCED IN CANADA IN 1889

THE INTERNATIONAL NICKEL COMPANY OF CANADA, LIMITED, 25 KING STREET WEST, TORONTO

"The Romance of Nickel" a 60-page book fully illustrated, mailed, will be sent free on request to anyone interested.

Tongue-tingling... soothing and refreshing! If you like peppermint, THIS is for you. A cool and creamy peppermint patty richly covered with Moirs exclusive chocolate coating.
