Prizes For Youth Cause

Ten Pin Bowling League Has
Enjoyable Presentation
Banquet

Two cash prizes of \$25 each which were presented Saturday night at a banquet of the Ten Pin Bowling League to the Royal Hotel and A. E. Smith league championship teams will be turned over to some responsible group for use in the promotion of a worthy juvenile sports cause. This was the decision made following the presentations and some suitable group to handle the fund for which this may be a nucleus is now being sought.

Saturday night's gathering in the Prince Rupert Bowling Alleys, attended by about 150 bowlers and supporters, was marked by the presentation of the Fashion Footwear trophy for the tournament championship to Capt. W. Smith of the Royal Hotel. The presentation was made by A. J. Dominato. A. E. Smith team was runner up.

Other prizes were presented as follows:
High three game total, L. Garner.
High Single, E. Garner.
High single team prize, 99 Taxi.
High three games, Royal Hotel.

NO SCORE THIS TIME—Chunky Art Rose of Montreal Canadiens had Goalie Cliff Hicks of Guelph Biltmores beaten on this shot but the puck, circled, didn't go into the net. In this game in Toronto April 18, Rose rattled in three goals to lead his team to a 4-2 victory and give the Quebec champions a lead of three wins to one at that stage in the best-of-seven series for the Eastern Canada junior hockey title. One-sided results in Canadian Allan Cup playoffs make hockey writers and fans wonder if the present play-off set-up is a real test of senior hockey superiority. Ed (Sydney Post Record) Smith suggests that a "true test" would be a championship round-robin on the lines of the Canadian Curling Championship. The championship would be played in one rink and teams representing each province would compete. The team with the highest standing would capture the Allan Cup and there would be a better assurance that the weakness and strength of teams would be found. "The idea has its points," Ed explains. "It would save individual clubs the expense of travelling back and forth from series to series after their own league or provincial championship. There would be one rink, one focal point and one big climax for all senior hockey supporters across the Dominion."

What particularly made Ed start thinking was the fact that Sherbrooke Saints, Quebec champions, had knocked off the

high-priced Sydney Millionaires, over with some Maritime titleholders, in four straight. Now Toronto Marlboros, Ontario champions, appear enroute to a similar victory over Cape Breton. It looks like Calgary in four straight. And as the Marlies continue on the march, hockey hang-

How many people to the gallon?

Many thousands of Canadians have a part in making a gallon of Esso available for your car.

About 12,000 of them are employed by Imperial. Some search for new oil fields; some move oil from producing fields to refineries where others make it into Esso and hundreds of other useful products; still others see to it that these are on hand wherever you want them.

Then there are almost 10,000 independent business men who, as Imperial dealers, supply you with our products.

And there are the many thousands of people who derive part of their livelihood from making and transporting the things that Imperial uses in its operations. Last year we bought equipment and supplies from more than 3,000 Canadian firms.

But those are not all.

About 70,000 Canadian residents are shareholders in Imperial or owners of Imperial bonds.

And there are more thousands who have an investment in Imperial through their bank deposits or their insurance policies, because a number of Canada's banks and insurance companies have put some of their clients' money to work to help us do our job.

Finding oil and bringing it to you in the kind of products you need is a big job, a job that requires the skills and the savings of many thousands of Canadians.

**Bringing you oil is a big job
... and a costly one**

About Canada's Oil — On its 1949 manufacturing and marketing operations Imperial earned a profit equivalent to less than three-quarters of a cent a gallon for each gallon of product sold.

Imperial's investment in plant and equipment is equivalent to more than \$19,000 for each employee.

The wholesale price of gasoline has increased only a third as much as the average wholesale price of all commodities over the past 10 years.
