High Parma, Telemark, Rider, Gudvanger, Vera Beatrice, Balzac, Low . Wales Island 7.

The car is that of W. E. Bottomley, assistant district engineer from Smithers. Mr. Bottomley himself has been in the city for the past few days.

The car was driven in by Arthur Kennedy, road foreman at Caterpillars were working today on both sides of the slide and F. Candidate For Atlin Riding finally succeeded in closing the gap to make the road passable. Speaking this afternoon, Mr.

Bottomley emphasized that, rough and wet" and not to be recommended for traffic. "I wouldn't advise anybody to make the trip for pleasure for some time," he said.

Along the Skeena River the road still runs through a snew trench, as high as seven or eight feet at some points.

The road has weathered the winter as well as last winter and is no worse than it was last fall, Mr. Bottomley said.

Last year the first car came through from Terrace on April

Mr. Bottomley plans to leave this afternoon by car for Terrace and thence home to Smith-

MERCY TRIP COMPLETED-The government hebreaker Saurel, under the command of Capt. Louis Chouinard (inset), sailed from St. John's last Tuesday night for Halifax after completing a mercy mission to isolated outposts on the east coast of Labrador. The Saurel was dispatched to carry \$25,000 worth of food and supplies to these outposts when word was received settlers, including babies and children, were starving due to lack of supplies. The ice was so heavy the vessel took two days to complete the last eight miles of her trip to Labrador.
