ISRAEL SEEKS TRADE DEAL

VANCOUVER ©—The 15-months-old Republic of Israel is in the market for Canadian wheat and lumber, dapper 35-year-old Abraham Harman, the republic's newly-appointed Consul-General to Canada said here Thursday.

Harman said that his country wants to discuss trade questions "in a preliminary way," with the Dominion.

"We definitely are interested in purchasing Canadian wheat, agricultural machinery, building and, in particular, Canadian lumber, Harman said.

TO SEEK AUTONOMY ANNOUNCEMENT

OTTAWA ©—Canada prepared today to take its last steps along the road to full constitutional autonomy.

The government's intention of cutting the last bonds that tie Canada's control over her autonomy to the British Parliament was expressed in the Speech from the Throne, read by Viscount Alexander at the opening of the twenty-first Parliament Thursday.

HOW TO SPOT PHONIES—This is an artist's conception of the various methods of detecting counterfeit \$10 bills which have been reported in various Canadian cities in the last few weeks. On bogus bills, the red serial number smears when moistened and rubbed. There is an absence of small green dots, called planchettes, which appear on genuine bills. Portions of the printing are blurred and indistinct and there is a definite difference in the ink on the reverse side of the note. (C. P. Photo)

EMPLOYMENT SCENE ACTIVE IN DISTRICT

A review of the local employment situation at the regular meeting of the local Employment Advisory Committee showed that there was still a satisfactory employment situation. While the fishing season had not been as good as had been hoped, other operations had kept the labor supply busy. There had been a large number of carpenters brought in from outside points.

The forthcoming visit of A. Ivay of the apprenticeship board of the Department of Labor promises to be a highlight in the near future. There have been several apprentices taken on by local employers and generally greater interest has been shown in this phase of the employment of youth. Mr. Ivay will be available for addresses to local organizations and will also attend a special meeting of the local committee.

The need for some action by local individuals or organizations with a view to providing more housing for employees who will be required in the near future caused the committee much concern. It is hoped that the proposed Dominion - Provincial conference on the provision of low-rental housing will soon reach a stage where representations may be made by the city authorities or local business interests to make an early start on some large building plans. If the city is to attract and retain desirable families it must see that adequate and suitable housing is provided. There are few centres with such a promising employment future as Prince Rupert has, and it is a matter of sound progressive business foresight to be prepared.

PARLEY BEGINS—Transport Minister Chevrier welcomes delegates to the third North American Regional Broadcasting Conference which opened in Montreal this week. Representatives of Canada, United States, Mexico and Cuba will discuss problems created by crowded radio channels. At right is Cmdr. C. P. Edwards, deputy minister of transport and conference chairman. (C. P. Photo)
