HUNGARIAN RED PLEADS GUILTY

BUDAPEST—Laszlo Rajk, former number two Hungarian communist, pleaded guilty Friday to a charge of plotting to overthrow the Red-dominated Hungarian government.

The 42-year-old former minister of the interior pleaded guilty to all charges in the indictment against him. These charges included plotting with representatives of Marshal Tito's Yugoslav government to assassinate leading Hungarian officials and make Hungary "a colony of Yugoslavia."

NO SPECIAL CHAIRS—Jack Garland, 500-pound, six-foot-one member of Parliament from Nipissing, sat in an ordinary chair in the Commons chamber for the opening of Parliament Thursday. When the 31-year-old North Bay heavyweight, who defeated four other candidates to win his constituency was elected last June, government officials built special chairs for him—just in case. Mr. Garland says he doesn't need them. He did, however, get a desk in the chamber all to himself. Other members sit two to a desk.

Edison has nothing on me —

My ideas pay off too!

"Up here at Cominco* we make metals and fertilizers—the biggest producers in the British Empire, I've heard. I want to tell you about the suggestion plan we've got here. It's a real money maker if you can come up with an easier or safer way to do a job or one that will save in repairs and maintenance.

Each month there's some "fifties" and "hundreds" passed along to the boys—I've cashed in three times, but not in the big money yet. Biggest award so far was around \$750.00 and that's the class I'm shooting for—could do with it for the trip I'm planning this summer.

You see, if you get the ideas and they are good enough, Cominco will pay off—guess that's good business for both of us."
