READY FOR CAMP

Kin Club's Boys Going to
Lakelse Sunday Morning

There will be at least 24 Prince
Rupert boys who will not sleep
in Sunday morning. They are the
group that will make up the first
Kinsmen camp at Lakelse Lake
this season.

Their applications have been
approved by the Kin committee.
They have had their medical
examinations, gathered the nec-
essary equipment and have been
notified to be at the bus depot
bright and early Sunday morn-
ing. R. G. Moore will act as su-
pervisor on the trip and will re-
turn on the same bus.

At a dinner meeting held last
night in the Civic Centre the
club decided that the second
camp would commence on July
21 and will accommodate 24 girls
whose ages range from 11 to 13
years. If it is at all possible the
Club plans to hold a third camp
during the 10 days following
July 31 for the 9 and 10 year old
boys.

Armine Boas, who inspected
the camp for the public health
department, said it had been
given a good rating. The fact
that the Kinsmen Club demands
a doctor's certificate from ac-
cepted candidates for the camp
has prompted the sanitation de-
partment to ask all operators of
similar camps to state whether
members of their camps are re-
quired to have health certi-
ficates or not. The welfare de-
partment has supplied balanced
diet menus for the camp and a
member of the department will
visit the camp once a week
while it is in operation.

R. E. Montador, who visited
the camp site recently, reported
that the structures appeared to be
in good repair. He recommended
that the rear area of the site be
cleared this fall to provide open
space for group games.

Herb Young, chairman of the
victualing committee, gave a
detailed report on the arrange-
ments for supplying the camp
with fresh and staple foodstuffs.
Construction plans for the
camp were discussed and the
camp committee was instructed
to present a full report outlining
the estimated costs of the
buildings along with a compre-
hensive plan of the camp lay-
out.

Don McEwen, former member
of the Club, whose home is now
in Telkwa, was a guest at last
night's meeting.

Nurses Talk On China

FRANCOIS LAKE—A Women's
Institute meeting was held at
Mrs. Harold Neeve's home at
the Landing on Friday after-
noon. Mrs. Cassidy and Mrs.
Neave were chosen as delegates
to the Houston convention yester-
day. Miss Preston, matron of
the Burns Lake Hospital, was
guest at the meeting and gave
an interesting talk on the Wo-
men of China. She brought with
her photographs taken when she
was living in China.

Geoff Woodall had promised
to show more of his local moving
pictures and it was decided to
ask him to show them on the
evening of July 30 for the flood
relief fund. After the show ar-
ticles made by the Institute
members will be auctioned off
and there will be a sale of small
grab-boxes. Following a social
period there will be dancing and
lunch.

SHIPS and— WATERFRONT

A new lighted beacon has been
established in Klemtu Passage,
on the southwesterly extremity
of Legge Point on Cone Island,
according to an announcement
of the Department of Transport.
It shows a flashing white light,
and is visible from all points of
approach by water.

In the event of the earlier re-
ports being accurate, stories of
pichards being seen off North-
ern Vancouver Island are con-
sidered welcome. The pichards,
for the last two seasons, have
been so scarce that there has
been hardly any commercial
fishing whatever.

The Vancouver tug Bighorn,
which sunk recently in Porlier
Pass in the Gulf Islands, can-
not be salvaged. This is because
it is estimated she is 900 feet
down, and that is too deep for
either sweeping or diving.

With both the Prince George,
southbound from Alaska, and
Prince Rupert, northbound, in
port last evening and with
weather just right for a leisurely
stroll, the streets were alive
with strangers, chiefly tourists.
There was a good deal of win-
dow shopping. Everyone ap-
peared decidedly interested in
what they were seeing. Some
appeared more concerned with

EVERYTHING HASN'T RAISED IN PRICE . . .

It may surprise many but 1847 Rogers
Community Silver flatware is the same price
before the war.

And as the tax is now off it should be doubly
attractive.

Bulger's always sell standard goods at Canadian
advertised prices even though express charges are
more than those of places nearer to the factories.

For instance a Big Ben clock or set of silver
for the same price as in Ontario where it is made.

A large part of our stock is made up of standard
advertised goods and we try to keep the balance
line with the prices of other cities. And we guar-
antee the satisfaction of our goods.

Something from Bulger's is always something
worth having.
