

**WATER**  
tells the  
truth about...  
**WHISKY**

Put Seagram's "83" to the water test. For water (plain or sparkling) is your most reliable guide to the whole truth about any whisky. Water adds nothing, detracts nothing, but reveals a whisky's true, natural flavour and bouquet.

Say SEAGRAM'S  
and be SURE...  
of the finest

**Yeah! Nickel's tough**

Tough job, trucking—takes tough equipment up. That's why Nickel are used for the gears and important parts of trucks subject to severe shock and stant hard wear.

Exhaust pipes and mufflers are up against the problem of hot corrosive gases. These parts are being made of Nickel alloys to reduce costs in the long run.

The gleaming grille and other parts of trucks and cars are Nickel-plated. Nickel has lasting beauty.
