

RANGERS IN PUCK DEAL

New York Pins Its Hopes on Husky New Rearguard, Allan Stanley

NEW YORK, ©—The harassed New York Rangers today pinned fresh hopes on a husky rearguard obtained from the

minor leagues for two players and an undisclosed sum in cash. The total is said to be worth \$60,000 to \$70,000.

Allan Stanley, 22, six foot two inch native of Timmins, Ontario, is the centrepiece of the deal.

Ranger Manager Frank Boucher called it the biggest deal in Ranger history and the biggest in the National Hockey League for a minor player.

Ed Jullman and Elwyn Morris, were sent to Providence Reds of the American League, plus some cash, in the trade.

Rangers are now at the bottom of the National Hockey League heap.

Rup-Rec Classes Enjoyed Widely, Form Vital Part of Civic Centre

An awful lot of muscle has been kept in fiddle-string trim and a considerable amount of adipose tissue—commonly known as fat—has been dissolved from human frames at the Civic Centre's Rup-Rec classes in the last three months.

Instructor Margaret Slinn, who conducts a bewildering number of classes at the Civic Centre and in city schools, hasn't much to say about the fat. In fact, she would prefer that it wasn't mentioned at all but she is more than mildly enthusiastic about those toned up muscles and the consequent well-being which they inspire.

Weekly for the last three months, Miss Slinn has been giving instruction in games, rhythmic fundamentals, gymnastics and dancing to an average of 540 people ranging from tiny tots to adult women and she finds that for herself and her "students" the accent is on fun. Everybody enjoys it.

The classes close on December 16 for the Christmas recess, but will re-open on January 3. The closing will be accompanied by a social for the Rup-Rec ladies class.

Besides the Rup-Rec ladies class, which has an enrolment of about 70 and an attendance at its semi-weekly session of about 30, Miss Slinn's weekly calendar includes classes for junior girls, teen-age girls, junior boys, teen-age boys, apparatus classes for junior girls and boys and a girls' game hour.

There are also, of course, the tiny tots class, a highly popular function which is regularly attended by about 70 moppets and semi-weekly periods at Borden Street School.

The ladies' classes, held Mondays and Thursdays in the apparatus gym, start off with marching and running routines, proceed to rhythmic fundamentals, folk and square dancing, passive exercises in pairs and usually end with a rousing game of volleyball and elementary tumbling.

One of the most popular classes is the teen-age boys who get an obvious enjoyment out of the group activity, although that same feeling is carried through all the classes.

Rup-Rec activities make up a large part of the active attendance at the Civic Centre but because it is not exactly a "spectator" sport, its ramifications are not broadly known.

Climax of the Rup-Rec season will be the mass display next Spring when members from all classes will show their skills to the public.

But regarding that adipose tissue—Miss Slinn says that the chances are that it won't dis-

solve away leaving a streamlined silhouette. It is more likely to turn into muscle.

HOW CAN I ??? By ANNE ASHLEY

Q. How can I prepare oyster plant?

A. Oyster plant should first be washed, then covered with boiling water. Cook from 45 minutes to an hour, or until soft. Then peel, cut into desired sizes, and serve with cream sauce.

Q. How can I dry an article quickly, after washing, when there is no fire in the house and it is a rainy day?

A. Hang the garment in front of an electric fan, and see how quickly it dries.

Q. How can I remove a disagreeable odor from the kitchen?

A. By sprinkling ground cinnamon on the top of the stove.
