BUTEDALE COUPLE MARRIED HERE

Miss Emily Challenor Becomes
Bride of Fred Reich

A honeymoon trip to Vancouver by plane followed the quiet wedding here at 10:30 Tuesday morning of Miss Emily Challenor of Butedale to Frederick William Reich, pioneer Rupert boy and now assistant manager of the Canadian Fishing Co. cannery at Butedale.

Solemnized by Rev. R. A. Wilson at First United Church manse, the rite was attended by three witnesses, Mrs. William Malcolm, of Butedale, and Mr. and Mrs. George Dybhavn, of Prince Rupert. Mrs. Malcolm acted as matron of honor.

In acting as groomsmen, Mr. Dybhavn was taking the part played by Mr. Reich at the wedding of Mr. and Mrs. Dybhavn at Vancouver two years ago.

For the ceremony, the bride wore a suit of burgundy gabardine with grey accessories and corsage of pink carnations. The matron of honor wore a tailored jersey dress of black and white with matching accessories and a corsage of pink carnations. Mrs. Dybhavn was attired in a gold woolen suit.

Shortly after the ceremony, the couple left by plane for Vancouver. They will return to Butedale following the honeymoon.

Skeena River Level Steady

June 20 is Date Now Set For
Resumption of Train Service

Water of the Skeena River, which rose two feet yesterday under the impact of a warm sun, is still within its banks and work is continuing on the repair of the railway and highway situation between Prince Rupert and the interior, it was reported today.

Railway officials, who have crews laboring on damaged portions of the line, hope to have service restored between Prince Rupert and Terrace by June 20. Train service out of Prince Rupert by June 20.

Train service out of Prince Rupert today was extended another 11 miles to Salva, 55 miles east of the city. Formerly the thrice-weekly service had been provided only to Kwinitsa.

Threat of another flood, which arose yesterday when the river came up two feet, did not materialize and today the water is still at the same level as Tuesday.

Trucks were reported to have penetrated from Terrace west to Shames, although the going was difficult and temporary bridges made from felled trees had to be erected at a couple of spots.

The public works department office here has estimated that it will take three weeks to repair the road sufficiently to permit through traffic.

Mrs. Sinclair Pierce leaves by plane this evening for Smithers where she will entrain tomorrow for Montreal, embarking from there June 18 on the steamer Ascania for a trip to Glasgow, Scotland. Returning, she will sail from Liverpool on the Ascania August 22.

The sum of \$900 will be sent to the I.O.D.E. Second War Memorial Fund and \$900 to the Endowment Fund from the proceeds from the sale of the I.O.D.E. Hall. The balance will be used by the chapters in the city for local educational work.

As this was the last meeting of the chapter until fall arrangements were made to give their usual assistance to the Civic Centre Annual Carnival in August. Refreshments were served at the close of the meeting.

EMPLOYMENT IS FLUCTUATING

While there is still some unemployment around town, the situation has shown an improvement since early spring. In the interval, the peak of the deep sea fishing period has come and gone and, since then, the flood has indirectly, given, as well as taken away work. There have been numerous layoffs for an indefinite time as water recedes only to become higher again. Once the flood actually does end, there should be large scale restoration as the miles of damage is put in shape again.
