ROBERT WOODS

PRINCE RUPERT, B.C.

Dear Mr. and Mrs. Prince Rupert:

We think you are entitled to something really modern and smart in a shoe shopping centre-both as regards attractiveness of premises and the best in shoe styles, quality and service. It is with this idea in mind that we have just completed the renovation of our premises, the official opening of which we now announce for Saturday, April 16.

During the past two years we have tried our utmost to satisfy our many customers, endeavouring to bring them the latest in style and also provide you with comfort in wear and with good fitting in higher quality footwear. We appreciate the patronage you have accorded us and, to show that appreciation, we have endeavoured to remodel our store in a way that we hope will meet with your approval.

In choosing the design we called in Mr. Mike Maslenki who has had considerble experience in larger centres. After a thorough investigation and examination of plans from modern stores all over the United States and Canada we decided upon the present layout and instructed Mr. Maslenki to go ahead. We are very pleased with the result and hope you will be too.

Our color combination was somewhat of a problem but, with the able assistance of Philpott, Evitt & Co. Ltd., who supplied our paint as well as most of the building materials, and Mr. C. V. McVety, who did the painting, we have arrived at a color scheme which we think fitting.

We should explain that our new rugs have not arrived as yet but we are sure they will also please you when they come.

You are cordially invited to attend the official opening of the remodelled premises on Saturdy, April 16.

Yours sincerely,

Brownwoods
