It doesn't matter whether you choose the liquid or the crystals. Both end guesswork and tedious long-boiling. Both will give SURE results if you follow the instructions exactly.

DEPRESSION IS FEARED

LETHBRIDGE, Alberta — Premier E. C. Manning warned in a political address here that "we can go back to a repetition of pre-war depression conditions on a greatly intensified scale" by voting a Liberal or Progressive - Conservative government into power at the Dominion election.

Mr. Manning said that the indications of a depression are now appearing. In the United States goods are once more backing up, production is being cut down and the unemployed will mount to 80,000,000 by next spring.

"This indicates a return to the pre-war era of depression," he said.
