N.H.A. DESIGN-OF-THE-MONTH

Families in search of a truly moderately-priced three-bedroom house should investigate the features of this pleasing design which includes five rooms and bath within a minimum of space.

Entrance to the living room is through a vestibule containing a coat closet. Although the kitchen is of minimum size, it is designed for working convenience and has ample room for dining facilities. Kitchen and bathroom plumbing is arranged so as to reduce cost to a minimum. Adequate closet space has been provided in each bedroom while there is a linen closet at the head of the stairs and another in the hall near the bathroom. The bay window in the living room enhances the appearance of both the exterior of the house and the interior of the living room.

While construction drawings for this house specify horizontal wood siding on the lower half and vertical siding on the gable ends, aluminum siding has been used on the house illustrated. Other types of exterior finishes could be used with equally pleasing results.

The floor area, for estimating purposes, is 957 square feet while the outside dimensions are 24 feet eight inches by 24 feet four inches.

FLOWER QUEEN - Pretty Barbara Ann Fee of Richmond, Que., a technician in a Montreal hospital, won this bouquet of roses and the title of Flower Queen in a province-wide competition attracting 600 entries. By an odd coincidence, the 1949 florists' convention was meeting at the same time and its 2,500 delegates turned up for the Queen's coronation at Montreal's Windsor Station. (C. P. Photo)

Numerous seineboats which had been remaining in Prince Rupert during the recent strike tie-up, started moving out again to the fishing areas yesterday following settlement of the strike dispute. Some departed for the Queen Charlotte Islands while others proceeded to Johnstone Straits, down the coast.

BACK TO SCHOOL - George Danie Blondin, 81-year-old bearded prospector and reputed millionaire from Bourlamaque, Que., appears right at home in this kitchen. He is one of a large group of miners and prospectors who are taking a domestic science course at Val D'Or. After all, the veteran prospector points out, food is a mighty important item in the bush country. (CP Photo)
