New Swimming Pool Planned

Gyro Club to Concentrate on Further Development of McClymont Park

Installation of a new 20 by 50 foot concrete swimming pool in McClymont Park, where the club will concentrate its playground development activities this year, was adopted by the Prince Rupert Gyro Club yesterday as its principal objective in 1948. The executive made this proposal at the club's monthly business luncheon and the members duly adopted it and sent it on to the playground committee for implementation. The new pool will augment rather than replace the present wading pool.

Principal ways and means activities of the club for the year will include a Klondyke Night, Apple Day, Hallowe'en Hoedown and Labor Day dance.

The club decided to continue again this year its monthly grant of $$50 toward the Civic Centre and voted the sum of $2.50 to the Prince Rupert Film Council to assist the financing of the council's film service into the city.

Gyros agreed to co-operate with the Prince Rupert Parent-Teachers' Association in the sponsorship of a drama and music festival to be held in the city in the spring.

The club's blessing was given to the Canadian Appeal for Children campaign which is now under way with the Imperial Order, Daughters of the Empire, sponsoring it in Prince Rupert. Individual members were urged to be as generous as possible in their support.

Pupil—"Without soda."

LEGION REJECTS SALE OF BEER OFF PREMISES

Members of Prince Rupert Branch, Canadian Legion, have voted unanimously against a suggestion that its club room be allowed to sell beer off the premises in a manner similar to commercial beer parlors.

The decision was made at the monthly meeting of the branch last night after members had expressed the opinion that the club would lose more than it stood to gain by the amendments to the Liquor Act required for the change.

The matter was brought to the attention of the meeting in a letter from the Legion's provincial command. The letter said that there had been agitation from several licensed clubs for such an amendment and that a poll was being taken before the provincial command chose to support or reject the idea.

Nomination period for the branch's 1948 officers was opened and will remain open until the March meeting when elections will take place. Positions to be filled are those of president, first and second vice-presidents and executive board. Several names were placed on the nomination sheet.

The meeting acknoledged a donation for the building fund. Plans have been laid for expanding the present building.

A donation of $150 was made to Queen Mhary Chapter, I.O.D.E. for care of the soldiers' plot at Fairview Cemetery and a grant of $15 was approved for the Prince Rupert Public Relations Council to aid in publication of a publicity pamphlet.

Chairman of the meeting was V. G. Houston, branch president.

UNUSUAL LIGHT BUOY

STOCKHOLM (AP)—A remarkable light buoy to replace the light ship at Olandsrev is being built here. It has reinforced concrete plates and weighs more than 10,000 tons. The buoy will be sunk to a depth of 30 feet and the light will be placed on a mast 80 feet above the surface of the water.

RUPERT'S APPETITE
(Continued from Page One)

(CCF, Skeena), who lives in Prince Rupert. Mr. Archibald, who is 37, knows the Alaska shipping trade by experience, for before the war he was a deckhand on coastal ships. Posted to Prince Rupert as a leading aircraftsmen in the marine section of the RCAF during the war, he stayed there to win the Skeena riding for the CCF in the 1945 general election.

"Either the Jones Act must be amended or Prince Rupert's future depends on the natural resources in its hinterland," Mr. Archibald said.

Just now, he said, a start is being made on the development of the natural resources. The Celanese Corporation of America is building a $15,000,000 pulp plant on Watson Island, nine miles east of Prince Rupert. It is expected that this plant, when completed will employ 3,000 people.

GENERAL PEARKES IS INTERESTED

Another British Columbia MP, who is interested in Prince Rupert is Maj.-Gen. G. R. Pearkes, VC, (PC, Nanaimo). In the House of Commons Gen. Pearkes asked the government whether it had made any representations to Washington with a view to having the Jones Act amended in favor of Prince Rupert. External Affairs Minister Louis St. Laurent replied that no such representations had been made. He added:

"The government is willing to consider making representations of this sort when major Canadian interests are involved and if a statement can be submitted to the government on behalf of the Canadian individuals or concerns affected, the advisability of such representations will be carefully reviewed."

Gen. Pearkes regards this as hopeful and is now informing interested British Columbia people of the government"s attitude. He hopes in this way that a request for representations to Washington will be made to the Government here by Prince Rupert, Vancouver and other interests. Amendment of the Jones Act would benefit Vancouver as much as Prince Rupert, Gen. Pearkes said.

PLANNING FOR VICTORIA DAY

Kinsmen Executive Meeting Names Committees—Anniversary Party

Plans for May 24 celebrations were dealt with at the Kinsmen Club's executive meeting held last night in the Civic Centre. All the pomp and pageantry of crowning the Queen of May will be a part of the festivities as in past years but this year the selection of the ruling lady will be left to the schools.

The executive recommended R. G. Moore as chairman of the May Queen committee, William Bremner, Sports committee; Bruce Stevens, dance committee; Herbert Young to supervise sale of refreshments and Pierre Le Ross to handle parade arrangements.

Don McEwen, who is catering for the anniversary party, reported plans well in hand. He proposes to serve a cold supper with turkey as the dish. During the meeting it decided to hold the party I.O.D.E. Hall on Saturday instead of Friday night as inally planned. President Moore announced that two members, Art Williamson Ray McLean, will be initia the anniversary party.

Stan Saville, chairman of 24 door prize committee, ed that distribution of books was under way wit already released in the city
