Mackenzie is away on her first
service trip to lights and aids
to navigation in the area. She

plies.

At Egg Island in Queen Char-
lotte Sound two plasterers will
be disembarked on the south-
bound voyage to work for a few
days on the new lighthouse there
and will be picked up on the way
back.

Also making this voyage, which
will be of about ten days' dura-
tion, are I. E. Slacht, depart-
mental engineer from Ottawa;
Albert Lindseth, depot carpenter,
and M. Girardet, buoy and bea-

Air Charter Is Granted

The Air Transport Board of
Ottawa has granted an applica-
tion of Herman M. Peterson for
a license to establish a Class 3
non-scheduled charter air ser-
vice based on Atlin, B.C. Mr.
Peterson's application, which was
actively supported by the Atlin
District Board of Trade and by
Edward T. Applewhite, M.P.,
and was opposed by aviation in-
terests in both British Columbia
and Yukon, was the subject of a
public hearing at Atlin in early
July.

Interviewed on the subject this
morning Mr. Applewhite ex-
pressed gratification at the fa-
vorable decision which he said is
"just another proof of the in-
creasing importance of the Atlin
and northern B.C. area generally
and of the realization of this
growing importance by Ottawa."
Mr. Peterson already has one
plane based at Atlin and plans
to obtain another. He has al-
ready done considerable commer-
cial flying in the Yukon and
northern British Columbia.
