Three Perish as St. Lawrence Cruise Ship Consumed by Fire

India Proposes Settlement Of Korea By Six Smaller Nations

LAKE SUCCESS (CP)—Security Council's big battlers today studied an Indian proposal to let small countries seek the path of peace in the Korean war. As the council recessed until Thursday, the Indian delegate, Sir Benegal Rau, suggested that six elected non-partizan members might be better able to find a solution in public and private meetings at which delegates of the cold war participants, Russia and the United States, were not present.

Rau suggested that such a little council study "all resolutions or proposals that have been or may be presented for peaceful and just settlement in Korea and submit their recommendations to the council by a specified date." The "Little Council" would be composed of India, Yugoslavia and Norway all of which have recognized the Communists, and Cuba, Ecuador and Egypt which have not.

The western Big Three, France, Britain and the United States, gave the idea a cordial reception in principle but said they would like to hear more details. However, Russia's delegate and the current council president, Jakob Malik, made no reference to the Indian suggestion in statements lashing back at Norwegian and French attacks on the way he has been filling the chair.

Will Discuss Rail Strike

OTTAWA (CP)—The cabinet meets today and Wednesday and informed quarters said Monday it is "quite likely" the railway strike set for August 22 will be discussed. The government, so far, has given no public sign that it has any intention of intervening.

Official line has been that the two factions—management and labor—are capable of working things out themselves. The feeling is general, however, that the government would step in before it would permit a strike to commence, particularly in view of the international situation.

DONALD GORDON ON AIR TONIGHT

MONTREAL—The events leading up to the present threat of a nation-wide railway strike will be discussed tonight by Donald Gordon, president of the Canadian National Railways, over the transcontinental networks of the Canadian Broadcasting Corporation. The fifteen-minute broadcast will be heard at 8 p.m.

THE WEATHER

Synopsis
More than one inch of rain fell over the southern coast of British Columbia as a result of a disturbance which moved inland during the night. Another centre appears to be developing off the Washington coast and cool unsettled weather is expected to be general in almost all regions of the provinces during the next two days. Regional forecasts valid until midnight Wednesday.

Forecast

North Coast Region—Cloudy with showers today and Wednesday. Little change in temperature. Winds light. Lows tonight and highs Wednesday — at Port Hardy, Sandspit and Prince Rupert, 52 and 60.

Los Angeles

LOS ANGELES (CP) — Penny Clark, seven-year-old daughter of the late famed crooner Buddy Clark, was killed yesterday when she darted in front of a car. Clark was killed in an air crash last October.

No Moves In Rail Strike

BOH RAILWAY COMPANIES AND UNIONS HOLDING FIRM
MONTREAL—Questioned regarding reports from various sources on new offers, the presidents of the Canadian National and Canadian Pacific Railways, Donald Gordon and W. A. Mather, said last night: "Up to this afternoon no new proposals of any kind have been made by the representatives of the unions in an effort to bring about a settlement of the wage dispute.

All Officers Staying On

All provincial police officers in Prince Rupert division, including Inspector F. B. Woods-Johnson and Sergeant L. A. N. Potterton, are advised of their retention with the Royal Canadian Mounted Police which took over provincial policing as from tomorrow.

Constable Harold Haighland is the only member of the force to leave at this time, having resigned to join his father, Chris Haighland, in the sawmilling business at Terrace. Former local officers who are being superannuated include Inspector H. H. Mansell, Kamloops; Sub-Inspector G. A. Johnson, Pouce Coupe, and Inspector Alex Macdonald, Vancouver.

Crossing Naktong

TOKYO (CP) — Red troops with tanks burst out further on Naktong defence lines today below Changnyong and surged to points seven miles east of the river. They overran segments of the 24th Infantry Division in bitter fighting and piled up casualties on both sides.

Four brideheads across the river have been established by the Reds. Allied resistance to the Communists has slowed down the Red war timetable. North Korean prisoners said the schedule called for capture of Taegu, South Korea's emergency capital on Tuesday, the fifth anniversary of V-J Day and of Korea's liberation from Japan. Camgnyong fighting is bloody but indecisive.

Cliff Fall Was Cause Of Death

Unacceptable to Coroner M. M. Stephens and chief of city police Sgt. L. Potterton was the verdict of a jury yesterday afternoon at an inquest into the death of Andrew West, native, who was found dead at the foot of a cliff on Stiles Place early last Thursday morning. The cause of death was given simply that the man had met his death accidentally while under the influence of liquor. Officials wanted a more specific statement of the cause of death.

The body was identified by Freddie West, brother of deceased. In evidence Dr. J. A. MacDonalld said he was called to the scene of the accident and found the man dead. He had been turned over by the time he arrived on the scene. Rigor mortis had set in although there was still some warmth. There was marked evidence of injury around the right side of the face and jaw and the wounds were imbedded with gravel grains corresponding with the gravel in the surrounding area.

There were no other extensive marks of violence. An autopsy had revealed he had been well nourished and the internal organs were in normal condition. There was a fractured jaw, a bruised chest and abrasions on the hip. One lung was stuck against the chest wall, suggesting a former attack of pleurisy. There were brain contusions and a lacerated cerebellum on the side away from the external injuries. Cause of death, in his opinion, was due to cerebral shock resulting from massive injury to the brain stem.

FLASH !!

COLONELS NAMED
OTTAWA — Lt. Col. A. A. Stein of Fort William; Lt. Col. J. M. Stone, Salmon Arm, and Lt. Col. Dextrose of Montreal have been appointed commanders of the three battalions of the new special Canadian Army brigade. Col. A. F. Baillie of Duncan will be in charge of the artillery regiment.

REID CRITICAL
VANCOUVER—Senator Tom Reid is critical of the Royal Canadian Mounted Police taking over the B.C. Police. He thinks it may lead to a police controlled state and urges cities and municipalities that now have their own police to carry on with them.

Earlier Session Is Being Asked
LONDON (CP) — Winston Churchill Monday urged that parliament be recalled from its summer recess before September 12, the date set by Prime Minister C. R. Attlee. Mr. Churchill said that date "is altogether too remote and bears no relation to the crisis and new facts which are before us."

Mr. Attlee invited Mr. Churchill and Clement Davies, Liberal leader, to meet him on Wednesday to explain their reasons for an earlier calling of Parliament.

Princess Is Born

LONDON (CP) — A six-pound baby girl was born today to Princess Elizabeth, heiress presumptive to the Throne, touching off jubilant celebrations throughout the Commonwealth.

"Both doing well," was the official report on mother and daughter who becomes third in line of succession to the Throne. She is second child of Princess Elizabeth and Prince Philip. Their first, Prince Charles, is twenty-one months old now. As both parents are descended from Queen Victoria, that name may be chosen. Another possibility is Mary after the baby's great grandmother, the Queen Mother, and her aunt, the Princess Royal.

Threatening weather failed to keep a crowd from its vigil outside the wrought iron gates of Clarence House, the London home of Princess Elizabeth. Cheers went up as the official bulletin was posted. Minutes later the roar of cannons spread the news abroad. In the ancient Tower of London the Honorable Artillery Company, following old tradition, fired a 62-gun salute. In Hyde Park the regular army signalled the birth with 41 guns. Naval units throughout the Commonwealth also marked the event.

Inside Clarence House toasts were drunk in champagne. Prince Philip, home on leave from his naval duties as lieutenant commander in the Royal Navy, is due to return to sea in about two weeks as commander of the frigate Magpie, his first command.

The Queen was in Clarence House when the baby was born. The King, in Scotland, was advised by telephone as was Princess Margaret, also visiting in Scotland.

MONTREAL — Bandits robbed a Montreal city branch of the Royal Bank of Canada of \$4000 and escaped in a stolen automobile. They knocked the manager down.

Ship Burned at Tadoussac

Another Disaster For Eastern Excursion Vessel
TADOUSSAC, Quebec (CP)—Quebec provincial police today found in searching the fire-blackened hull of the river cruise ship Quebec at this small St. Lawrence port, three bodies believed to be those of Mr. and Mrs. R. W. Shapiro and small son, Leonard. They were unaccounted for after a fire last night which resulted in the ship's total loss.

Another son, six-year old Bernard Shapiro, was safely landed last evening along with 397 other passengers and was taken to Murray Bay, Quebec. Ship's officers said the Shapiros, who came from Mount Royal, were the only persons still unaccounted for after a dramatic disembarkation here last night from the burning 22-year old pleasure craft.

Nobody in authority spoke of the Shapiros as missing. Rather they termed them unaccounted for since the safety of all other passengers was known and in the confusion the Shapiros might possibly have got safely ashore. The finding of the bodies, apparently, ruled this out.

The Shapiros' son at Murray Bay said he was handed through a window of the Shapiro cabin by his mother. He got ashore with other passengers but did not see his family again. He did not know their whereabouts.

Near a quay, the Quebec, a vessel of 7,000 gross tons, smoldered and smoked and police said it would be late afternoon before investigators would be able to go aboard.

At Quebec and Montreal officers of Canada Steamship Lines, owners of the vessel, insisted that they had nothing official on any of the persons unaccounted for.

Twenty-five miles out of here, fire broke out in the Quebec's hold. She is declared a total loss.

Capt. D. N. Jones, chief examiner of masters and mates for the federal government, has been ordered to make a thorough investigation.

REFUGEES ARRIVE — This former steam trawler, the Goran, docked at Bathurst, in northern New Brunswick, brought 123 Baltic refugees to Canada after a 28-day voyage from Sweden. Some of them are shown on deck before sailing on to Quebec for immigration and customs examinations. Included among the passengers was a four-year-old girl. (CP Photo)
