

(Continued from Page One)

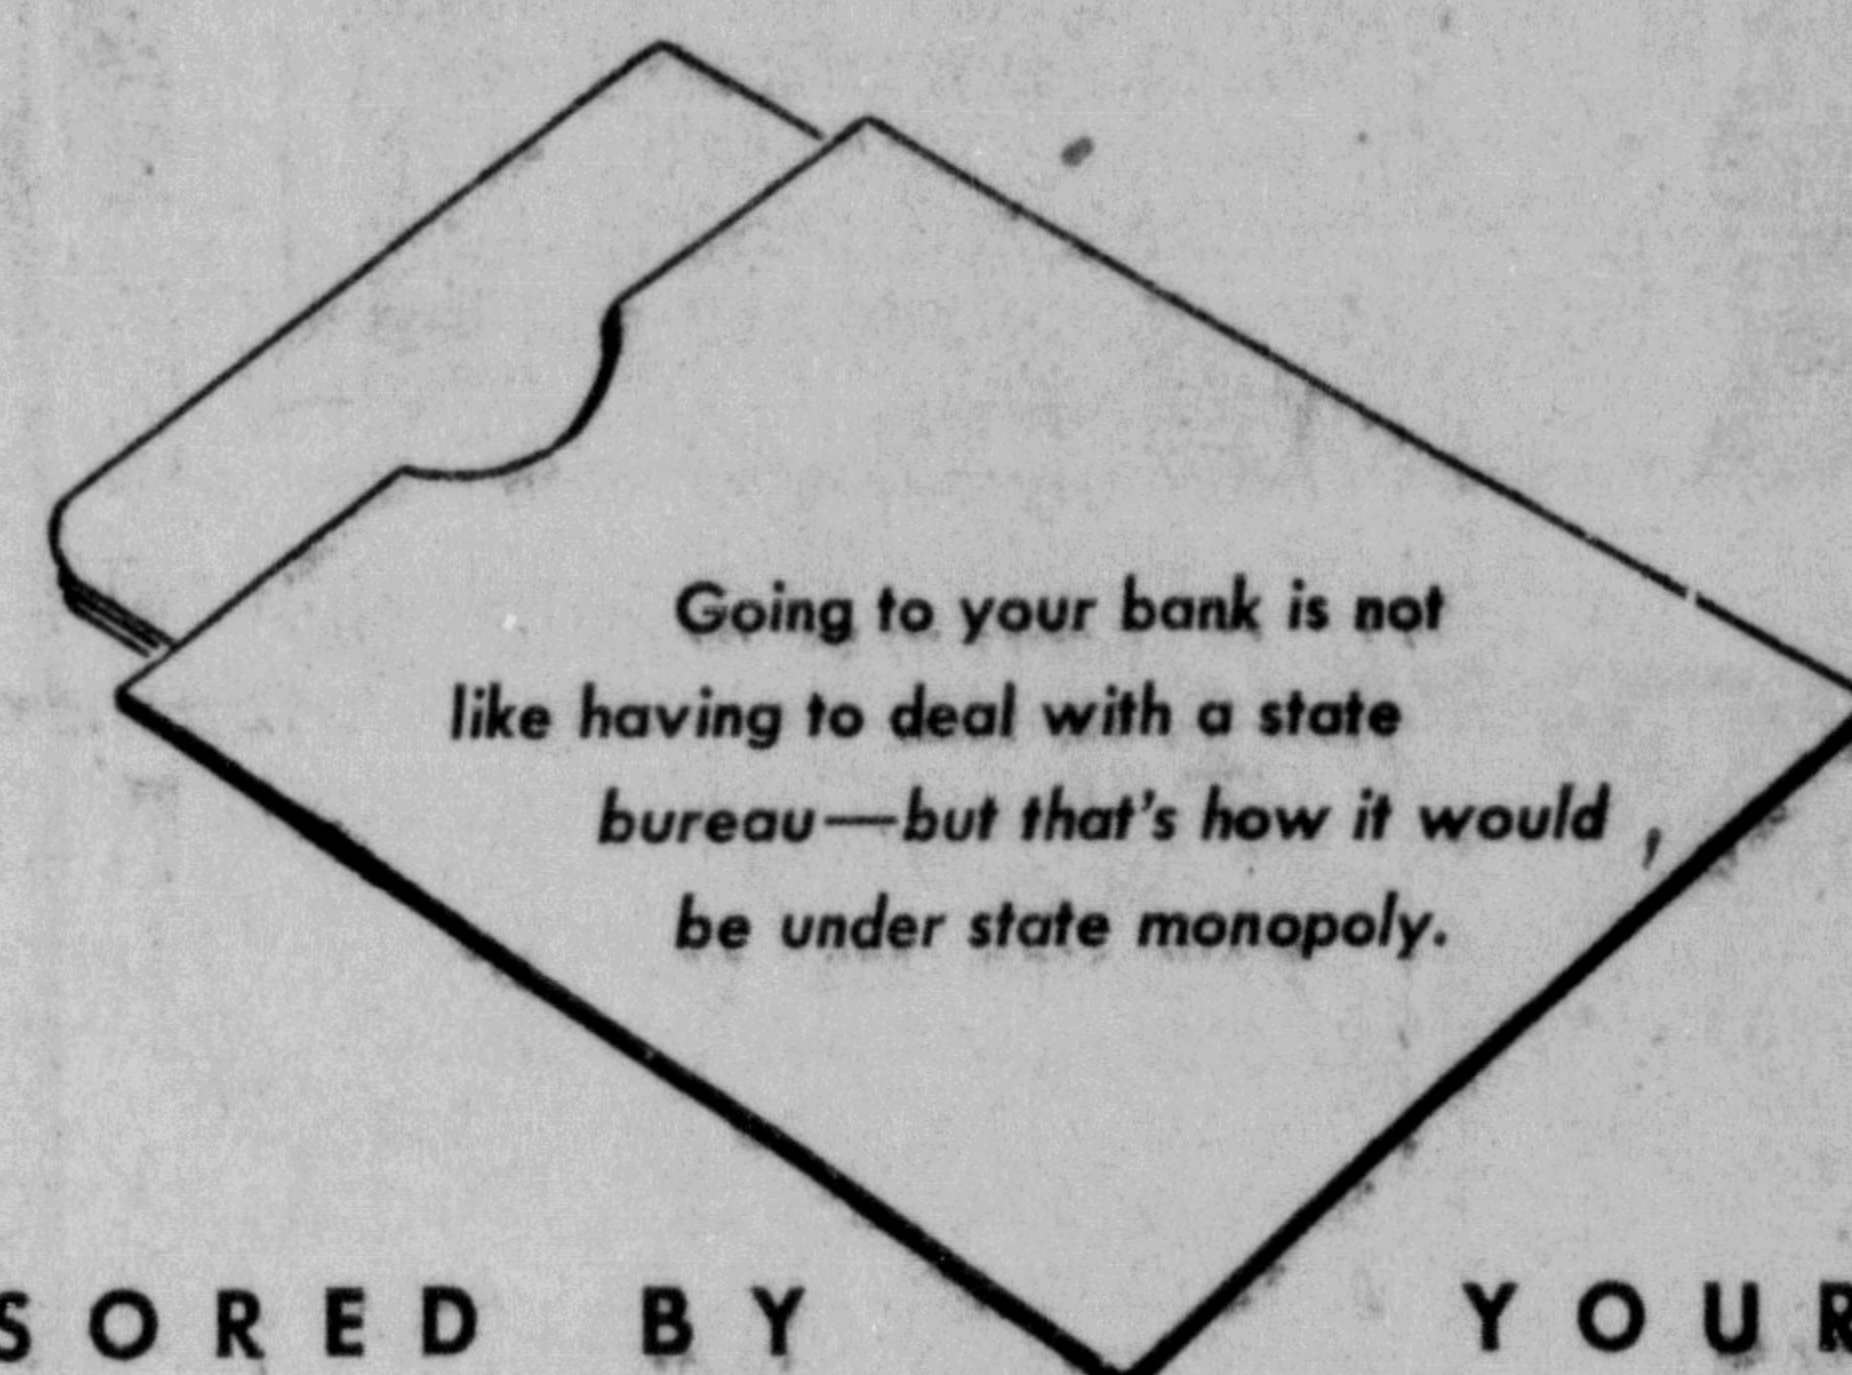

it's a good idea to have a choice

SUPPOSE you have what you feel is a good opportunity which calls for bank credit. If one bank cannot see it your way, or if you think you can get a better deal elsewhere, you're free to "shop around".

Banks compete to serve the most diversified needs, no matter how specialized any of them may be... personal, business, or farm loans, money transfers, collections—to name just a few.

More than 95 out of 100 bank loan applications are decided "right in the field"—in the branches—by bank managers who take a personal interest in serving their customers' individual requirements.

HEAVY BATTERY

(Continued from page 6)

Parkhouse tried hard. Boulter had no chance with either shot. Sunberg and Robinson were two reliable, forcing backs, this being Robinson's best game. Olson again was a tower of strength at centre half. Lien and Haugan tackled hard and never let up. Of the forwards, Currie and Mercer were the pick. Currie found his "shooting boots" although he was not able to beat Morgan. Mercer was clever and constructive and was unlucky not to score. Owens crossed some fine centres as did McKay. Pat Wilson was not much in evidence though he put in one grand shot. John Wilson, relieving Lien, in the second half, played effectively and with great determination. LET'S TRY A NEW GOVERNMENT

The forthcoming election presented in parliament. The which takes place June 15th, Coalition doesn't. 1949, will be of utmost importance to all natives throughout the province. We have had Liberal and Conservative governments in power for the past one hundred years or more and gave very little consideration towards the advancement of the real Canadian and first Citizens of Canada.

Since the C.C.F. party came into the political field they have fought to bring about equality to the little people. The C.C.F. proved the quality of their principles and policies by the overwhelming votes they received in the last election, of which was the cause of the birth of the so-called Coalition Government, of whom are none other than the Liberals and Conservatives joined together to defeat the C.C.F. when the C.C.F. had them beat in the election.

The Coalition did give us the vote, but what else besides the vote? It is clear to see that they want us merely for an instrument, say to boost the election in their favor. If they were sincere in granting us this vote, then give us full citizenship rights and privileges such as are enjoyed by other voters. Also, why did we not get this vote three years ago instead of building the Coalition limelight by giving us the vote just when the election campaigns began.

We all have minds of our own, let's not be fooled, vote for the party that will do us most good.

Immediately the natives were granted the vote, the C.C.F. placed an Indian candidate in the election campaign, namely Frank Calder of Greenville, B.C. I have not seen an Indian Coalition candidate; same old story, we are just minors, wards or what have you; but better to be a minor, or a ward, rather than to be simple stooges to a government that thinks so little of its own aborigines. The C.C.F. gives us a chance to be represented.

The C.C.F. is forever fighting high prices and unnecessary costs of living. The present government is taxing us contrary to laws and treaties. The Indian has no right to pay Income Tax, Many white people do not believe we pay Income sales tax also. What services do the Indians get in return? Our foreign canned salmon markets are falling off. Per case, salmon is too high priced, yet the fisherman does not realize these high prices. The operational costs to fishermen are rising, yet our salmon prices have dropped. There is something wrong somewhere in the administration; while our canned salmon prices are rising in the stores, while to the fishermen, the prices are dropping.

The past governments have suffered us for over a century. Your relatives and mine have died uselessly with curable diseases through the government's failure to give the Indians sufficient medical help and decent homes to live in. We have been made to dwell on small reservations, some of them barren wastelands, where we knew hunger, disease and misery. Many more of our relatives died in two world conflicts, died for the liberty which was promised and expounded so loudly during the recruiting period; even after these two great sacrifices by the Indians, they are still denied the rights and privileges that they fought for. Elderly fathers and mothers are deprived of their sons, who died in the wars. They could have helped their elders now, since the government denies the Old Age Pension to the aged Indians. What we all need to do is try out a New Government, who will recognize all as equal, no matter what color or race. The hard-working man should begin to share the values of his produce. Here's hoping for a better government.

TRUCKERS AT COUNCIL

where deliveries must be made to front entrances. The truckers also stated that the enforcement of "no double parking" was making it difficult for them too as often other vehicles, particularly passenger cars, prevented them from getting parallel to the curb near their destination.

Harry Black, representing the Automobile Association, brought up the question of parking passenger cars as close as 12 inches to some of the high curbs on Third Avenue, pointing out that it was usually impossible to open curb-side doors in such a case. However, Alderman Stone stated that motorists were not liable to be prosecuted for parking their cars more than 12 inches from the curb under such circumstances. Mr. Black offered the suggestion that sight-seeing buses be permitted to unload in front of the theatre at such times as the show is not in operation.

The recommendation presented by the Truckers' Association to the council for consideration was read by John McLeod.

During their business session the council ruled that for the time being trucks would be permitted to back in to the curb and unload heavy loads between the hours of 8 a.m. and 12 noon. In the meantime the Traffic Committee will attempt to work out an amendment to the by-law that will meet the needs of the traffic.

NORTHERN PAIR MARRIED HERE

A civil marriage ceremony performed by Government Agent Gordon Forbes at the Court House on Saturday united Mary Joyce Warren, daughter of Mr. and Mrs. Sydney Warren, of Alce Arm and John Francis Bouzek, of Stewart. Witnesses to the ceremony were Catherine M. Thompson and L. A. Forsythe, both of Prince Rupert. The bridegroom is a customs officer at the northern town.

DIES IN RUPERT, TERRACE BURIAL

TERRACE — Joseph Albert Morris, 71, passed peacefully away in Prince Rupert General Hospital on Friday afternoon, June 10, after an illness of two months duration. He will be laid at rest in the Kahum cemetery, Terrace, on Tuesday afternoon, following a funeral service. Originally from the prairies, deceased had been a resident of Terrace for the past two years and is survived here by his widow, Mrs. Minnie T. Morris, and three daughters, Mrs. G. E. Loveless, Mrs. H. Gambin and Mrs. J. C. Brickley. Two sons, Hilton and Melvin, reside with their families at Telkwa. There are also twelve grandchildren.

YOU BET IT'S IMPORTANT

If you order your winter coal supply NOW, you're absolutely sure of comfortable warmth and good health for your family from the first cold nip and on through winter. ORDER NOW!

WELCOME GYROS . . . TO PRINCE RUPERT

We hope you'll like your little visit. You'll find our people open hearted and friendly as is usual in the north. You'll find our climate better than you expected. We don't have to wear gum boots and slickers all the time. If you see a little rain it's only the same kind you get at home so do as we do, just let it rain. Sometimes we'd like a little rain. We are glad to be free of lots of nuisances other places have, such as floods, dust storms, extreme cold, sweltering heat, cyclones, thunderstorms, flies and mosquitoes, poverty and slums. We have no snakes or reptiles, no dangerous wild animals or epidemics or serious diseases. We hope you'll come again.

To get 50% MORE Jam or Jelly from your fruit use either CERTO or "CERTO" Crystals

Quick and Easy...Results are SURE

There's no guesswork in making jam or jelly with Certo Fruit Pectin or "Certo" Crystals. It takes no more time than to make a simple dessert. You get better set, better appearance, better taste . . . and about 50% more jam or jelly from the same amount of fruit!

Please yourself which you use. Certo and "Certo" Crystals are both nothing but fruit pectin . . . the natural substance in fruit that makes jams "jam" and jellies "jell" . . . extracted and concentrated for quicker, easier, better jam and jelly-making. The word "Certo" is a trade mark.

NO TEDIOUS LONG-BOILING One Minute only for both Jams and Jellies

When you use Certo or "Certo" Crystals your jams and jellies need only a ONE-MINUTE full, rolling boil. This short boil does more than save you time and work.

Since so little juice has time to boil away, you get an average yield of 10 glasses where old, long-boil would only yield about 6.

And the lovely taste and colour of fresh fruit stay in your jams and jellies because the boil is too short to spoil the one or dull the other.

SURE RESULTS EVERY TIME

If you follow EXACTLY the recipes that come under the label of every bottle of Certo or in every package of "Certo" crystals, you'll have no failures. You'll get lovely, sparkling jams and jellies every time. Different fruits need different handling, so there's a separate, easy-to-follow kitchen-tested recipe for each fruit.
