Cut Your Milk Bill with "Carnation-and-Coffee"

Says MRS. RONALD JACKSON of Montreal, Quebec

> Mrs. Jackson is mother of five all were Carnation babies. She knows the importance of \ s-t-r-e-t-c-h-i-n-g a food budget! And Mrs. Jackson finds Carnation so economical! Undiluted Carnation is won-

derful in coffee, for instance and in most recipes that call for cream. Diluted Carnation (half Carnation, half water) is ready at a moment's notice, to fill every whole milk need. And there's no spoilage in the unopened can, even at Summer temperature and without refrigeration.

Carnation costs only about half as much as cream - yet millions prefer it in coffee. You owe it to yourself to give it a fair trial - and one cup of coffee isn't enough.

So drink your next 6 cups of coffee with Carnation — and vary the amount in each cup until you get the combination that suits you best. It'll cost you only a few cents to find out how to save dollars - and to discover that: "You can't beat Carnation 'n' Coffee."

Joining Up of Colony Will Make Canada Bigger Than Europe

Resistance to Newfoundland Confederation with Canada centred in the populated centres where business and industrial interests fear competition weeks. of Canadian imports with the dropping of the colony's protective tariffs, Prince Rupert Junior Chamber of Commerce was told last night by a former Newfoundlander.

The speaker was Lieut. M. J. Stapleton, Royal Canadian Corps of Signals, who addressed the group at its monthly meeting. He gave an outline of the island's economy and attitudes on the eve of Confederation with Canada, set for the end of this month.

His audience included seven former Newfoundlanders who were guests of the Junior (Happy) Hogfors left for their on the snow and the school Chamber on its "confederation night."

Commission government.

Among disadvantages to Can-, ada will be the acquisition of a narrow-guage railway which serves the island and which, presumably will be taken over by Canadian National Railways.

But in taking over the 43,000 square miles of island which is healthy, growing children - Newfoundland and the 110,090 ada and this was eventually insquare miles of apparently barren country which constitutes Labrador, Canada will, on the whole, gain substantially.

> "Although we may lose financially at the present time, we stand to gain strategically and in the addition of 300,000 new Canadian citizens," he assured the gath-
