City's Street Program at Last Getting Under Way

A start on the city's stree paving project, held up last C. H. Klotz, resident engineer week by the weather, will be here on Columbia Cellulose plant made this week providing the construction at Port Edward, weatherman is agreeable. The left on yesterday afternoon's work involves hard-surfacing afoot. plane for a brief business trip several of the city's main streets; to Vancouver. He will be return- and is expected to begin with ing to the city tomorrow after- the completion of a paved route between the Hays Creek and

section. McBride Street, which has been declared an arterial highway, now comes under the provincial public works for maintenance purposes.

The surface of the Morse Creek bridge will also receive an overlay of asphalt.

The city hot mix plant at Roosevelt Park was ready this morning to start producing the first quantity batch of asphalt for the project. Under the general paving plant

set out by the city council last year, Hays Cove Avenue, Conrad Street, Claude Street, a block of Seventh Avenue east of Hays Cove Avenue and Donald Street will receive asphalt coatings and several other streets will be repaired.
