### Ray Reflects and Reminisces

Canada's naval craft are getting around The Cayuga, Athabaskan and Sioux are doing their bit in the waters around Tokyo and Korea, and the carrier Mag-nificent, with destroyers Micmac and Huron are acknowledging a greeting in Norway. Join the Navy and see the world. There must be something in it.

Low rentals in Prince Rupert cannot come too soon. There's many a man earning his check in Prince Rupert whose family live in Vancouver, or somewhere else, except here. Paying rent twice makes anyone fighting mad. And it should.

Sessions of Parliament in Ottawa are becoming longer. Also, they are more frequently held, and it is understood members dislike each. They may as well make up their minds to become accustomed to the change Canada is getting further and further away from life as it was lived before the war. Ottawa is only one of the numerous incidents that could be mentioned. And if sessional duties become tiresome, as time wears along, that will become just too bad.

What is described as a strange blue sun, followed by a freak blue moon have appeared over the North Sea. Well, we need not try to blame this on the atomic threat, or ask Stalin what he's

### Drug Ring Uncovered

VANCOUVER—Royal Canadian Mounted Police swept underworld haunts Wednesday to capture what are described as hirelings of a possible narcotic ring embracing large cities of Western Canada.

Fourteen men were arrested, three on charges carrying possible maximum sentences of seven years.

To complete the picture tomorrow sun should be white, followed by a freakish red moon.

"Mopping up," an expressive enough term, is again in the press. It was invented sometime between 1940 and 1945. Just now, the process is seen in Korea.

Four big fires were raging in Seoul at the same time, miles of trenches dug between street car rails rained bullets and machine guns appeared to be everywhere. General McArthur had remarked a few days earlier that the destruction of the city might in time become necessary. Evidently, there was no recon-sideration.

## BABY'S

### UPSET STOMACH QUICKLY CORRECTED

BABY'S little "Tummy" is often easily upset. It is easily righted again, too, if you know just how to do it. Let Mrs. M. S. Always, of London, Ont., tell you: "Baby's Own Tablets are a great help at the first sign of upset stomach, during teething time or when a cold is coming on. They work quickly yet gently to carry away poisons and promote restful comfort." And Mrs. W. R. Sharp says: "I nursed my baby shortly after being alarmed over a motor accident and her stomach became quite upset. I gave her Baby's Own Tablets and she soon stopped crying—and quieted down."

After all is said and done, how does it taste in the cup? That is what counts!

**Here's An Important "Footnote"** to remember when you're buying the family's shoes for Fall and Winter... look for the NEOLITE patie on the soles of the shoes you buy. Neolite soles are healthy... they're absolutely waterproof—so when pavements are wet—feet stay dry. Neolite is more flexible than leather, needs no breaking in. And Neolite is economical. With the same amount of wear 'n' tear, it outwears leather over 2 to 1. And, mothers—a special feature of Neolite you'll like particularly is that it doesn't mark floors. So buy shoes soled with Neolite for the whole family. Insist on Neolite when you take shoes to be re-soled. You can't get a more healthful shoe sole.

### The OLD MASTER PAINTER SAYS...

THOROUGHLY STIR AND MIX YOUR PAINT AND USE A GOOD BRUSH

You have paid good money for a quality paint. To get results, the paint must now be well mixed and applied with a good brush. When you purchase paint, ask your dealer to place the can on his mixing machine for five minutes. If he does not have a mixing machine, you can still obtain a smooth creamy mixture by pouring the paint from its own can into a clean container and back and forth half a dozen times, using a wide paddle to stir and mix any pigments left in the can. A clean, good-quality brush of the right size is of utmost importance. Ask your dealer to help you choose the right brush for the job you are doing. For larger jobs, see your paint contractor!
