Terrace Forms Dental Clinic

TERRACE — A dental clinic for pre-school and grade one children is about to be formed in Terrace and should be in operation by the fall with Dr. Ken MacPherson, local dentist, in charge. A project of the Parent-Teacher Association, which donated \$200 towards it, the clinic will be a community effort and it is hoped that the various organizations in town will rally round and donate towards its upkeep, fifty percent of which will be met by the British Columbia government's department of health and welfare.

The committee formed by the P.T.A. to handle this matter has received all the necessary data and is going forward with the plan. On this committee are Mrs. McIlroy, Mrs. Norrington and Mrs. VanStolk.

The estimated charge to the parents will be \$3 per child. The registration of the children will be undertaken by volunteer helpers on September 6, 7 and 8 at the public health nurse's office in the hospital where the work of the clinic will also be explained to them.

Mr. Skillecorn, administrator for the Home for the Aged, arrived in town last weekend with his wife and child and has taken up his duties at the Home.

Miss Eileen Kill, daughter of Mr. and Mrs. John Kill, is expected in town shortly where she will be employed as a stenographer for Little, Haughland and Kerr. Since her arrival from England almost one year ago she has been working and living in New Westminster.

E. Clough, over-run inspector for the B.C. Forestry Branch, has spent the week in town on routine business.

William Smith has returned from the East where he visited his daughter, Ina, at Edmonton and his mother in Saskatchewan. He returned by air to Prince George and by stage to Smithers where his son, Bruce Smith, met him, having driven to the interior to bring him home.

H. Noakes has returned from the south in readiness for the opening of school next week.

Jack Barman returned on Sunday from Vancouver where he has been on business.

The Terrace Fall Fair prize list came off the press on Thursday afternoon and copies of it are in the mail and at the Terrace drug store where are also the forms of entry into any of the classes. Some very good prizes are being given in the various sections with the merchants of Prince Rupert donating the majority of them. Anyone can enter an exhibit but it must be made or grown within the past twelve months by the owner. The fair board would like to have exhibits from out of town and especially from Prince Rupert.

IRON OARSMAN—R. E. (Doc) Nicoll, former Vancouver lacrosse star, didn't let the strike of 124,000 non-operating Canadian railway employees interfere with his business. He rowed 30 miles from his Breakwater Island home to Vancouver and back each day. It took him eight hours for a one-way trip. (CP Photo)

Confidence In Gordon

**Prime Minister Makes
Forthright Statement in
Regard to C.N.R. Chief**

OTTAWA — Prime Minister L. St. Laurent stated yesterday that Donald Gordon, president of the Canadian National Railways, still retained the full confidence of the government.

The Prime Minister stated that the Government had been delighted when Mr. Gordon accepted the post. The government had full confidence in his devotion to the public interest and his capacities of administration and hoped to see him continue in his post for a long time.

The ousting of Donald Gordon as president of the C.N.R. had been demanded in a resolution passed unanimously at a meeting of 800 striking rail workers in Vancouver and there had been similar expressions elsewhere. Gordon was charged with being the chief stumbling block in the strike negotiations. An identical resolution was passed at Calgary.

SHIPS and WATERFRONT

Motorship Dagney, Capt. S. L. Wick, arrived in port from Ketchikan yesterday with canned salmon for transshipment over C.N.R. lines to the United States. All net fishing in Masset Inlet and Naden Harbor closed last night in the interest of pink conservation.

Average catches in the Skeena started off last week at 20 cohoes, 50 chums and 30 pinks. By Thursday those averages had dropped off considerably. The Naas was running lower. Bella Bella seine area catches ran about 1,000 a day at the first week. Catches in the Queen Charlottes have been spotty. Some boats have brought in good catches, while others have come in almost empty.

Among halibut boats now fishing for black cod are the Kalen, Capt. Olaf Stegavig, and the Lois N., Capt. Ben Cook.

Salmon fishing was good at the early part of the week but has dropped off somewhat at the end of the week.

M.v. Sidney, Capt. Hendrickson, was in port yesterday with fish from Ketchikan for transshipment by Canadian National Railways for United States points.
