LATEST IN ARMY RADIO

(1) H. W. Mah, a civilian employed at the Signal Research and Development Establishment near Ottawa, exhibits a radio set in the "cold room" at the centre. He is explaining to two members of the College, the development of a Canadian C-29 set which operates at temperatures as low as 60 degrees below zero. The students shown above are, left to right: Major D. W. Blyth and Capt. R. A. Bell, both of Winnipeg.

(2) A radio that plays under water catches the attention of three members of the College on a recent visit to he Canadian Signal and Research Establishment. There was no comment from the goldfish in the bowl with the set but the students were duly impressed. They are, left to right: Capt. E. H. Shuter, London, Ont.; Maj. J. D. MacMillan of Ottawa; Capt. J. R. G. Bennett of Ottawa and Major G. W. Thompson. (Canadian Army Photo).

HOW CAN I??? By ANNE ASHLEY

Q. How can I make a small window have the appearance of extra width and height?

A. This can be successfully done by setting the curtain rods beyond the casing at top and sides, and then using material heavy enough that the casement cannot be seen.

Q. How can I make a good novel omelet?

A. A novel and delectable omelet can be made by heating a can of undiluted vegetable soup

Q. How can I mend a leak or
