Winter Easing Up—Old Cafe Demolished Chinese Girls Adopted

The sharp cold weather of the past few days has eased up a little and milder weather and still brilliant sunshine is being enjoyed by all. Though there is still a lot of snow on the out-skirts of town there is practically none, except for a few icy patches, in the town. The grader is cleaning the roads and the branches of some of the trees on Lakelse Ave., West, are being cut. Cleaning up is general and there is a bustle of spring activity in the air. In some of the gardens, bulbs and plants are showing through the soil—a welcome sight after the long cold winter.

The old Silver-Tip Cafe on Kalum Street has finally been demolished and, when all the debris has been cleared away, work will start immediately on the rebuilding of a fine new cafe more in keeping with the town. The old place was literally battered down. Campbell and Martin Brothers machinery doing the job. The business of the cafe had been moved next door although the old kitchen was still used. For a time on Tuesday Jimmy Wong, the cafe proprietor, cooked for his patrons in a kitchen which had no wall and which was therefore exposed to all the traffic on Kalum Street while he watched the demolition work progressing. Albert Haugland is in charge of the work of tearing-down and building-up again.

Mr. and Mrs. A. H. Irving returned last week from a two weeks' holiday trip to Vancouver.

Mr. and Mrs. C. L. M. Gigg have adopted two Chinese girls of school age and are

expecting them here with the next quota of displaced children from the Orient.

James Stevenson, accompanied by Mrs. Stevenson and son, Johnny, left last week for Vancouver. Mr. R. J. McLymont of Prince Rupert is relieving him at the local bank.

Jack Handle of Stewart has been the guest of the Van Stoks who are the foster parents of his brother Herbert and sister Ivy Gillespie.

Nick Dobie of Copper City was brought into hospital recently and is at present very ill there.

Many of the parents took advantage of the fine weather and Education Week to visit the schools last week. Visitors day was held on Wednesday at the Elementary school and on Thursday at the Primary school. A good attendance of parents was had at both schools.

Mrs. Philcox, with her small son, of Kamloops, is visiting at the home of her sister, Mrs. G. Haugland.

Mrs. J. Lips is a patient in the local hospital suffering from a broken shoulder, sustained in a recent fall.

The ice on the river at Copper City is beginning to break up and it will not be long now before the ferry will be able to cross over. Mr. and Mrs. Duncan de Kergommeaux walked in from Copper City on Saturday morning where they had been visiting Mrs. Wishart, and spent the day with the New-houses in Terrace.

John Spurr of Prince Rupert arrived in town this week and will be associated with the staff of the Skeena Mercantile.

Mrs. Pearson and daughter Donna, are visiting in Terrace after an absence of several years.

Jack Bouzek was first in the men's section and W. S. Orr captured the consolation prize.

More Tide Lake Gold

STEWART — After two days travel on snowshoes, sinking at times, about a foot in the soft powdery snow, Al Phillips, Bill Boedecker, and Walter Herman, came in from the Phillips East Group on Tide Lake, arriving in town on Friday night. They were all in good shape. Herman was sporting a fine growth of beard but soon got rid of that.

Phillips reports that the high grade showing on the property still persists and he is confident that he will make a good stake before the end of the year. One hundred and fifty-five pounds of high grade was packed out and should run about the same as the last shipment which was about \$27 per pound. Mr. Phillips figures on taking a bulldozer to the property in the spring.

Bob Barwise and George Riley, who have been looking after the Morris-Summit property on Summit Lake, came out at the same time. Riley, who is 63 years of age, stood the tough trip remarkably well for a man of his age.

OTTAWA — Royal Canadian Mounted Police, who patrol the Parliament buildings here, may be remounted if a request of the Ottawa Board of Trade is met. Commissioner S. T. Wood has no particular objection to the proposal although he suggests that officers might be more efficient in cars than on horses.
