

**ROLLER HOCKEY GAME PLAYED**

Prince Rupert received an invitation to roller hockey at Prince Rupert roller rink on Tuesday afternoon when two teams took to the floor. The game that saw rusty technicians mingle with the experienced gestures of raw but enthusiastic beginners.

The half-hour game formed part of what may develop into an operating roller hockey team. "A" sparked by Wendy Hub, an experienced ice and

roller hockey player, defeated team "B" by a score of 34-19. Bill Levert, a foxy stick handler, worked in fine combination with Schwab.

The three-men teams consisted of Wendy Schwab, Bill Levert and John Bond for team "A" and Jack James, Al Hill and Del Hankinson for team "B." Lloyd Lahti acted as part-time referee and part-time goal-keeper.

An organization meeting for the league will be held next Sunday.

Miss Evelyn Bussey left by air today to return to Vancouver after spending Easter here with her parents, Mr. and Mrs. William Bussey.

**GARDEN NOTEBOOK**  
GARDENS OVER EVERY INCH OF LAND ABROAD; CAN SHIP SEED

Home vegetable gardens, cultivated in spare time, have saved millions from the effects of starvation in Germany, France, and most of the rest of Europe.

Scarcity of seed in 1948 may prevent many of these gardens from being planted, and any seed which may be sent from this country is sure to be welcome, and skillfully used.

"Land in Western Europe is cultivated to the last square inch," says an expert from Europe. "In cities, suburbs, and small towns as well as in the country, all available space is occupied by crops.

"From a window of an office in Berlin can be seen the Tiergarten, the famous park, now entirely divided into small, fenced garden plots, assigned to families who grow vegetables there by working in their spare time.

"Official rations in Germany have provided only 1,200 calories a day, while the minimum necessary for nutrition is 1,500. For most families the extra calories, and an even larger share of vitamins, must be obtained, if at all, from vegetables grown in their garden plots. On holidays and often on work days, as soon as they are free, they take their hoes to their garden plots, and work on their precious vegetables.

"So precious are these, they
