Three Year Old Has False Teeth

MILWAUKEE—Three-year old Ronald Adamiak has become the possessor of a complete set of false teeth. "He's absolutely the youngest child in Milwaukee, and perhaps anywhere to be fitted," said the dentist.

FOR SMALL FAMILY—"An ideal home for the small family—compact, comfortable and economical," is what one builder had to say about this two-bedroom bungalow. Designed for gracious living and featuring a highly original room layout, this house is a popular choice with Canadian home-builders. For additional living comfort and convenience, the large, bright living-room is situated at the rear of the house and affords easy access to the backyard area. There is also an attractive covered front entrance and a side door which leads to the basement. The combination kitchen and dining-room is another delightful feature of this plan. Wide windows look out in the front lawn and street area. The master bedroom and the 'extra' bedroom are large and airy and within easy reach of the modern bathroom. There is ample closet storage space in the bedrooms and bathroom. The short, central hallway connects all the rooms of the house. The house illustrated above is finished on the exterior with eye-pleasing two-way wood siding. Plans for this bungalow include a full basement with room for storage and heating facilities. For estimating purposes the floor area is 862 square feet; overall cubic contents, 17,194 cubic feet.
