MAYOR BLUSHES OVER COUNCIL'S CONGRATULATIONS

Despite her businesslike leadership of an all-male city council. Mayor Nora Arnold last night came forth with a distinctly feminine blush when she received the official congratulations of the aldermen on being chosen "Woman of the Year" by the Canadian Federation of Business and Professional Women's Clubs.

The motion was proposed by Alderman George Casey and received the enthusiastic endorsement of his colleagues.

"I'm very pleased that the honor came to this city, not only for myself, but for Prince Rupert's sake," Mayor Arnold replied, smiling. "It has focussed a good deal of attention on our city."

This was discounted here since legion security forces are on loan to the British authorities under both old and new British-
