

Local Scouts Due Friday

Exchange of Ocean Waters
To Be Performed Immediately
On Return

Four Boy Scouts from Prince Rupert and three from Terrace will be back in the city on to-

morrow afternoon's plane from Vancouver after attending the All-Canadian Scout Jamboree in Ottawa and their first act on alighting from the aircraft at Seal Cove will be to pour into the ocean at that point a bottle of Atlantic Ocean water. A similar flagon of Pacific water was exchanged with a Scout delegation from Ottawa as one of the ceremonies on the closing night of the great jamboree at

Connaught Range in Ottawa at the end of last week. This water was to be poured into the Atlantic by the Newfoundland boys on their return home, the two ceremonies to be symbolic of Canadian unity from east to western shores.

The ceremony at Seal Cove will be witnessed by local Boy Scout Association officials, parents of the boys, friends and citizens generally who will gather for the occasion. Some of the parents from Terrace will also be here, it is expected.

The local Scout delegation to Ottawa consisted of Magnus Eyolfson, Hans Schmidt, Roy Webber and Ross Ingram while the Terrace boys were Roy Clifford, Francis Gavin and Arne Haaland.

The local Scout party traveled between here and Vancouver both ways by plane and went east by rail with a large group of boys from all parts of the province who were in charge of Lt.-Col. Keith Dixon, former district Scout Commissioner here, who is now located in Victoria.

The boys bivouacked in tents on Connaught Range for ten days and the experience of camp life was a memorable one for all. Weather was warm and pleasant.

PLAY BALL

Tonight's baseball league game is a critical one for the Commercials. By winning it, they could tie the league-leading Savoy for first place. However, they will not find the Merchants in a co-operative mood. They have won two of their latest three starts and are not so far behind that first place is out of sight. Johnny Odowes will have a full slate of pitchers to choose from while Ed Davis used both his first string hurlers in Tuesday's game, and they might not be ready to start.

BASEBALL SCHEDULE

July 28—Merchants vs. Commercials.

July 31—Savoy vs. Commercials.

Aug. 2—Merchants vs. Savoy.

Aug. 4—Commercials vs. Merchants.

TRAIN SCHEDULE

Good Ball In Junior Opener

In Spite of Inexperience—

Braves Take Cardinals

Some of Prince Rupert's future baseball stars appeared on the Roosevelt Park diamond last night in the re-vamped Junior league opener. The Braves won 7 to 3 over the Cardinals in a game that was fairly well played despite the inexperience of many of the players.

Both Kristmanson and Wesch on the mound recorded impressive strike-out scores. The catchers too, handled their positions capably. It would appear that the batteries on both teams are ahead of the other positions in experience and it will require some practice and coaching to round the teams into well balanced units.

The teams meet again on Sunday.

Summary—Two-base hits, Kristmanson 2, Young; stolen bases, Young, B. Sedgewick.

To get **50% MORE** Jam or Jelly from your fruit use either **CERTO** or **"CERTO" Crystals**

Quick and Easy...Results are SURE

There's no guesswork in making jam or jelly with Certo Fruit Pectin or "Certo" Crystals. It takes no more time than to make a simple dessert. You get better set, better appearance, better taste... and about 50% more jam or jelly from the same amount of fruit!

Please yourself which you use. Certo and "Certo" Crystals are both nothing but fruit pectin... the natural substance in fruit that makes jams "jam" and jellies "jelly"... extracted and concentrated for quicker, easier, better jam and jelly-making. The word "Certo" is a trade mark.

NO TEDIOUS LONG-BOILING
One Minute only
for both Jams and Jellies

When you use Certo or "Certo" Crystals your jams and jellies need only a ONE-MINUTE full, rolling boil. This short boil does more than save you time and work.

Since so little juice has time to boil away, you get an average yield of 10 glasses where old, long-boil would only yield about 6.

And the lovely taste and colour of fresh fruit stay in your jams and jellies because the boil is too short to spoil the one or dull the other.

SURE RESULTS EVERY TIME
If you follow EXACTLY the recipe that comes under the label of every bottle of Certo or in every package of "Certo" crystals, you'll have no failures. You'll get lovely, sparkling jams and jellies every time. Different fruits need different handling, so there's a separate, easy-to-follow kitchen-tested recipe for each fruit.
