Privileges Extending

A message from E. T. Applewhite, M.P. for Skeena, informs that ratification of a measure, which deals with reciprocal port privileges for Pacific coast ports in Canada, Alaska and the United States, in the House of Commons was unanimous. The treaty provides that ships of either country may land without bond in ports of the other country. Mr. Applewhite urged that customs and port officials in both countries be instructed as to the privileges contained in the treaty to avoid delays and misunderstandings should an occasion suddenly arise under its provision.

TIM-BER-LOX

Protects Paint from Peeling and Blistering

A Penetrating Sealer and Paint Mix

Tim-ber-lox is a clear liquid made from the finest, toughest resins and water repellent oils and is used as a thinner for oil based paints or as a clear primer before painting or varnishing.

OUTSIDE PAINTING

In order to secure a good paint job it is first necessary to secure a good ground or prime coat. It is in this prime coat that the addition of Tim-Ber-Lox to paint is highly recommended. Paint with Tim-Ber-Lox added, has superior penetrating and sealing qualities which provide a reinforced foundation against moisture and helps prevent the peeling and blistering of succeeding coats of paint.

PLYWOOD

A single application of Tim-Ber-Lox will prevent separating, buckling, surface checking and will eliminate "Grain Raise", leaving the surface smooth and uniform for subsequent coats of varnish or paint. It costs no more to use Tim-Ber-Lox—as Tim-Ber-Lox replaces the prime coat of paint or acts as a varnish undercoat where plywood is later to be varnished.

In many parts of Winnipeg if you want to keep your possessions dry and out of the reach of the flood, the last place to leave them is in your home. Here John Surmay, 47 Barber Street, is carrying out instructions on the box by transferring it to the rowboat which has been backed up to his front door. Water in his house is knee deep, and as it is a bungalow, all the furniture has been soaked. The Manitoba Flood Relief Fund has been organized to help John Surmay and thousands of other needy flood victims to recoup their losses. To help with this work, mail contributions directly to the Fund in Winnipeg or pay them into any bank in Canada.
