It takes more than kisses to keep a man happy! It takes brains. The sure way to turn a man into a faultfinding grouch is to feed him wrong. You must not only give him enough food but enough of the right kind of food.

One "protective" food a man needs every day is Kellogg's All-Bran. It does two important jobs to give him that lusty, driving energy he must have to succeed in life.

First, All-Bran is made only from the outer layers of the wheat grain.

That is the vital part so unusually rich in iron and other essential food elements he simply must have.

Second, All-Bran is guaranteed on a double-your-money-back basis to keep him regular naturally. And, if you want to enjoy living with him, one thing you must help your husband avoid is that "jumpy," irritable feeling constipation causes.

Let All-Bran help you. Serve it every day as a cereal with fruit, or in delicious bran muffins. Get some now. Clip this as a reminder.

Guaranteed to KEEP YOU "REGULAR" NATURALLY\*
