It's All For Good Cause
"Check your poke, mister?"
"Come wiz me, honey! I'm goin to the Gyro's Klondyke Nite!"
"Hey, thar, Whar yuh goin' wit' that thar six shooter?"
Yes, and lots more like it will be heard in Prince Rupert Friday night as the Gyros swing into action with their second annual Klyondyke Nite. There'll be lots of fun around the old town. The only thing that'll be missing is the old time saloons. Mr. Kennedy put his foot down there.
The Gyros have gone to a lot of trouble to give the residents of Prince Rupert a grand old time in the spirit of '98 and promise no lagging moments when the show swings into action. Besides what they make goes into all kinds of projects that will benefit the community as a whole — park maintenance, payments on the McClymont Park swimming pool and other projects that hold down juvenile delinquency in the city.
The Gyros expect to see everyone at the big celebration. What you spend goes toward making it even a better place to live. Yes sir, the Gyros are giving the kids a break. Why not climb on their band wagon?

Those smart Beard Contest and Klondyke Night window cards which have been seen around town lately are the work of the art students of Booth Memorial High School.

WHOOPING IT UP FROM EIGHT TO 2
The festivities will get under way for Klondyke Nite a little after 8:30 this Friday night and will continue until 2:00 a.m. or thereabouts.
And the many amusing and interesting events that the committees have lined up will follow in quick succession throughout the entire evening. The major events will include the carnival games, the dancing and, of course, the many contests.

Everything Goes, And Many Prizes
Everything goes during the Gyro Klondyke Nite and there's a prize for just about every type of costume as well as the three major prizes for the Beard Contest competitors.
First prize for the Beard Contest will be \$50 in cash with the second prize amounting to \$20 and the third prize of \$10. The contestants will all parade in front of the three judges who will be armed with the necessary equipment for judging the length and thickness of the many fine beards.
Besides the Beard Contest there will be prizes for costumes. The men's section will receive merchandise prizes of \$10, \$7.50 and \$5.00 for the best costume and the women's section also will receive \$10, \$7.50 and \$5.00.
There will be a \$5.00 merchandise prize for the best dressed couple and a \$5.00 merchandise prize for the most comical costume in the show.

Gyros All Out For Klondyke Night-Jobs For All Members

The entire membership of the Gyro Club is officially on the Klondyke Nite Committee with all members working hard to raise funds for the playgrounds for children in Prince Rupert. Joe McKay, assisted officially by Bill Stone, Jack Lindsay and Mitch Green and unofficially by everybody in the Club, will handle the games.
Norm. Baker says there'll be plenty of rarin' red hot dogs and coffee, etc.
George Dawes will be at his old stand seeing that everybody has plenty of Klondyke money to spend. He will be assisted by some Gyrettes.
Grant Stewart is having a real busman's holiday and will tell us just what the financial situation is after the affairs are over.

100,000 DOLLARS TO FALL FROM SKY
Some time during Friday more than \$100,000 in Klondyke money will fall from the sky over the city of Prince Rupert. This money will be good for use only during the proceedings of Klondyke Night, Friday at the Civic Centre.
Bearded Gyros, who, incidentally are not even allowed to enter the grand contest have paid some penalty in the way of discomfort.
Alf Large and Don Forward are responsible for getting suitable judges for the costume contests at the Dance.
Bill Lambie will produce suitable professionals for the judging of the hay crop.
The Gyrettes have volunteered to assist the men's organization and this department is in the hands of Orme Stewart.

MEANTIME, JERRY AND JACK GLOAT

Jerry Lemire and Jack Guthrie, two of the local tonsorial artists, are rubbing their hands with glee these last few days as the day to shave off beards approaches. The rush of trade when the men who have enlisted expected to start Saturday dured the itching and the general riscomforts which generally go with beard growing rush to their nearest barber.
Incidentally great sighs of relief will be heard from the many wives and girl friends of the beard growers.

WHAT A MAN! WHAT A BEARD!
That man Watmaugh, who copped the first prize last year, looks unbeatable again.
