## MacArthur Causes Easing of Tension Flash

### More Than Neighbors

### MacArthur Says Undeclared War With China Is Now On

#### Communists Gathering Forces for Assault On Former South Korean Capital

LONDON (CP)—Announcement of the coming meeting of President Truman of the United States and Prime Minister Attlee of Great Britain to consider the Korean crisis, with the possibility that French Prime Minister Rene Pleven may join them, appears to have eased the tension among the democracies.

### Fishermen's Co-op Meet

#### Grave Position of Oil Industry Cause of Concern

Grave situation in which the fish oil industry finds itself owing to the competition of imported Japanese oil and synthetic oil was emphasized in the course of discussion at yesterday's opening session of the annual meeting of the Prince Rupert Fishermen's Co-operative Association. Production of livers had dropped from a former 1,200,000 pounds per year to 200,000, the meeting heard. The price had dropped to almost one-third and now straight fishing for liver fish was discontinued, only liver being brought in being that incidental to other fishing.

With President Martin Erickson in the chair, the meeting heard detailed reports from the board of directors on 1949 and 1950 operations.

The report of the Fishermen's Co-operative Federation was presented by the general manager, T. H. Sorenson, and was still under consideration when the meeting adjourned on last evening until this morning.

Visitors in the city from Vancouver for the meeting include T. H. Sorenson, general manager; Fishermen's Co-operative Federation; A. V. Hill, Fishermen's Co-operative Federation; John Donaldson, president of the British Columbia Fishermen's Cooperative Association; Harold Christiansen, secretary of the Pacific Coast Mutual Marine Insurance Association, and Reg Mawer, field worker for the University of British Columbia Extension Department.

### Fighter Bases On B.C. Coast

VICTORIA—J. L. Gibson, MP for Comox-Alberni, says that fighter bases are to be put in at Tofino, Uchuelat and Comox on Vancouver Island as part of the accelerated new coast defence scheme for British Columbia.

James Stuart, son of Mr. and Mrs. D. C. Stuart, 1649 Second Avenue West, who has been in the General Hospital here for the past few weeks, will leave on the Coquitlam tomorrow evening for hospital at Jericho Beach.

Prime Minister Attlee will definitely visit Ottawa on his way home from his talks with President Truman in Washington, it was announced today. The time of the visit in Ottawa will depend on how long the Washington talks last.

Meantime at the fighting front in Korea, Communists swarmed forth tonight for an attack on Pyongyang, the former North Korean capital. Allied rear echelon units and refugees streamed south out of the former Communist capital ahead of the new Red wave.

An Eighth Army spokesman said they were trying desperately to hold a defence line 40 miles to the north and "will not retire from any position or from anywhere until forced to do so by enemy action."

Powerful Chinese columns from a half-million-man force thrown into the Korean campaign are rolling southward in a thrust at the Allies exposed right flank.

Gen. Douglas MacArthur stated that a state of undeclared war now exists between the Chinese Communists and United Nations forces.

With the Chinese build-up rolling swiftly, the Eighth Army faces the prospect of being outnumbered soon by six or seven divisions to one.

MacArthur said that Chinese generals are spending men lavishly to destroy the United Nations force before the issue of peace or total war is clarified completely.

### Attlee - Truman Meeting Tuesday

WASHINGTON D.C.—The meeting of Prime Minister C. R. Attlee of Great Britain and President Truman of the United States will take place on Tuesday, it became known yesterday.

Mr. Attlee is crossing from London tomorrow and on Monday will meet with the British ambassador to the United States and other officials.

### Les Parks Back From England

Leslie Parks, well known CNR employee at Prince Rupert, returned to the city last night following a holiday visit to England. Most of the time was spent in London and Birmingham. He travelled both ways across the Atlantic aboard the steamer Franconia and found the weather first rate. He was away for two or three months. Speaking of general conditions in the old land, he says times appeared prosperous, with plenty of employment, and a tendency toward lower costs in certain lines of food.

### AIR PASSENGERS

From Vancouver (Friday)—W. Gale, W. Haywood, Mr. Orr, Mr. Finney, E. T. Applewhite, Mrs. Cluff and C. W. Jaggs.

From Masset (Friday)—Ted Choquette, C. Morgan.

To Vancouver (today)—Miss Jean Calderwood, C. W. Jaggs, T. Swenson, J. K. Wood, E. W. Piercey, H. Desalls, Mrs. Dahlberg, J. W. Jackson, J. L. Hembeling, C. Sanders, G. M. K. Davis, A. J. Newman, C. Adams.

To Sandspit (today)—A. Hale, T. Moore.

### Marine Insurance Company Meeting

#### Revolutionary Decision by Co-operative Insurance Firm

Pacific Coast Mutual Marine Insurance Co., a co-operative-operated concern for the handling of boat insurance, held its annual meeting Thursday and made what was described as a revolutionary recommendation—that non-co-operative members should in future be accepted for insurance. This, it was suggested, would clear up the problem of over-valuation of boats.

The amount of business is now up to \$2,300,000, the meeting was informed. The company has been in business for four years.

Harry Hanson is chairman and the new secretary, Harold Christiansen, made his first appearance. Mr. Christiansen is also secretary of the Vessel Owners' Association of Vancouver.

Others present at the meeting were two directors from Vancouver—Jentoft Ellerson and Oysten Hansen—as well as Prince Rupert directors Harry Hanson, Ivor Johansen and Nels Rudd.

### Oil and Seed Outlook Good

OTTAWA—The 1951 outlook for oil seed crops in Canada looks promising, the federal Department of Agriculture says.

The supply picture for fats and oils—except soy beans—has been changed.

The report says that considerable change has taken place in the growing of vegetable oils between pre-war and post-war periods.

A significant change has been the increase in acreage of soy beans and peanuts.

### Stranahan, Mayer Tie in Golf Open

MIAMI, Florida—Amateur Frank Stranahan and Dick Mayer, aged 27, a professional, were tied for the lead at the end of the second round of the \$10,000 Miami open golf tournament with eight-under-par 132's.

### More Snow Hits City

According to the weather predictions there will be more snow in Northern British Columbia this week-end. It will also be colder for both today and Sunday. This was a wintry dawn for the past few days, there had been cloudless conditions and frost. Then about 8:30 last night, a windy snow storm came on for some hours and then the fall stopped. There was fair sleighing by breakfast time.

### Pleads Guilty To Charge of Assault

Gordon Gillis, charged with assault of H. Lund, pleaded guilty before Judge W. O. Fulton in county court yesterday. He was remanded until Monday for sentence. Both the complainant and the accused are from Alice Arm.

### European Boxer Wins

NEW YORK—Ray Famechon, European featherweight champion, knocked out Archie Devino of Newark, New Jersey, last night in 2:43 minutes of the seventh round. Famechon's weight was 127 3/4 pounds and Devino's, 129. It was to have been a 10-round fight.

Three months hard labor was imposed for vagrancy by Magistrate W. D. Vance on John Walter Longbotham in city police court Friday.

SIAMESE TWINS  
YOUNGSTOWN, Ohio—Male Siamese twins were born to a negro mother yesterday. On a single abdomen there were two heads, four arms, two pairs of shoulders and two legs. The twins are not expected to live. The parents are Mr. and Mrs. Donald Simmons. The mother is nineteen years old.

### STEEL BAN ON

OTTAWA—Minister of Trade and Industry Howe today announced a ban on the sale of primary steel for non-essential construction starting Monday, January 1. Construction now in progress will be allowed enough steel to complete programs. The ban includes steel for building of all varieties of entertainment and amusement centres, liquor, tobacco, carbonated beverages, confectionery factories, warehouses and stores and outdoor advertising.

### Alberta Coal Miners Trapped

COLEMAN, Alberta—Rescue workers worked feverishly tonight to reach two miners trapped in a coal mine cave-in. Officials said there was little hope that the men would be found alive.

Joseph J. Sikora, aged 24, and George Raipos, 48, were trapped by a rock fall last night.

### Bow River at Calgary Floods

CALGARY—Three thousand persons were forced from their homes by flooding waters of the Bow River caused by an ice jam near the Bow's junction with the Elbow in East Calgary. The jam sent water coursing over both banks, inundating about seven hundred homes. The water began to recede later today, dropping a foot by 11 a.m. At the peak, water was four feet deep in the low-lying areas.

### Stockpiling Of Plutonium

CHALK RIVER, Ontario—Plutonium, used in the production of atom bombs, is being produced, and stockpiled increasingly at this \$30,000,000 atomic project.

It is being turned out in 3000-ton \$5,000,000 heavy water pile, considered by scientists to be the best of its kind in the world.

So far the United States has not bought Canadian plutonium and Canada is not making the atom bomb.

But scientists here are driving toward greater achievement in civilian atomic fields.

### Moose Initiate 4 New Members

Four candidates—A. Dandaneault, K. Slater, J. Cail and C. Hallan—were initiated into membership in the local Moose Lodge which met this week with Governor Harold Hampton in the chair.

The meeting discussed arrangements for a social evening to be held tonight, the Christmas Tree for children December 16 and a New Year's eve party.

C. Logan was a visiting member from the Vancouver Lodge.

The meeting was followed by the serving of refreshments in charge of H. Whiffin and the showing of several interesting films by R. Powell.

Now Integrated for Peace As Well as War. CNR Head Observes

CHICAGO.—Under the stress of the present world situation, Canada has become more than a trusted neighbor of the United States, Donald Gordon, C.M.G., chairman and president of the Canadian National Railways, told the presidents of 15 U.S. railroads at a luncheon given in his honor here today. The two countries now are partners, not only in defence matters, but also in the economic field, he said.

He cited the co-operation between the railroads of Canada and the United States in the transportation of war materials so necessary to hemisphere defence in the two world wars and in the present United Nations effort in Korea.

The economic integration of the United States and Canada is something new for peacetime—even this strange kind of peacetime, he said. "But it's nothing new to railroaders. Our freight cars ride each other's lines, our schedules are integrated over many routes, and so on."

The importance of the railroad in developing a country's economy has been thoroughly demonstrated in the United States, Mr. Gordon asserted. In Canada, the railroads are even more essential to the development of otherwise isolated communities in the vast northern areas which are so rich in natural resources.

Mr. Gordon's visit to Chicago is his first since he was appointed chairman and president of the Canadian National. He is inspecting the facilities of the Grand Trunk Western, CNR subsidiary, and will go from here over the GTW lines in Indiana and Michigan.

This evening, 100 of Chicago's leading industrial executives, railroaders and club members headed by Mayor Martin H. Kennelly, will pay tribute to Mr. Gordon at a dinner given in the Saddle and Siroin Club by William Wood Prince, president of the Union Stock Yards and Transit Company and the Chicago Junction Railroad, and J. W. Barriger, president of the Chicago, Indianapolis and Louisville Railroad.

### THE WEATHER

Synopsis  
Cold air still blankets the interior regions of British Columbia but relatively warm moist Pacific air is gradually moving into the southern coastal areas. Occasional mixed rain and snow is expected in the lower mainland with rain over southern Vancouver Island and along the west coast. Snow showers will occur on the northern coast and widely scattered snow flurries are likely over much of the interior. Rain will become more general over the southern coastal areas tomorrow. Cloudiness and intermittent snow is expected in the interior.

Forecast  
North Coast Region—Cloudy with widely scattered snow flurries today with a partial clearing overnight. A few clouds on Sunday. Continuing cold. Winds light. Lows tonight and highs Sunday—At Port Hardy, 26 and 36; Sandspit, 26 and 36; Prince Rupert, 20 and 35.

### Labor Wins Welsh Seat

LONDON—The Labor government won another by-election when a Labor candidate retained a Welsh seat. The Labor candidate received a vote of 24,500 and the Conservative only four thousand. This gives the government a majority of six in the House of Commons.

### NOTICE TO CUSTOMERS

To make necessary changes within Cow Bay Main City Sub-station it will be necessary to cut off power supply to all circuits served by this station on Sunday morning, December 3rd at 3:00 A.M.  
Period of shut down will be approximately two hours.  
Areas affected—Section 1, 2, 5 and 6, or from Hays Creek Bridge to the west end of Section 2.  
NORTHERN B.C. POWER CO.
