### SMITHERS PLANS SKI CARNIVAL

SMITHERS — A two-day ski carnival is being planned by the Smithers Ski Club for February 26 and 27 and invitations are being sent to all central B. C. communities to take part in the annual tournament.

A new type of ski tow, 1,200 feet long, has been installed this year and ski courses have been given by Chris Dahlie. Consequently, Ski Hill is one of the most popular places in the district.

Last week-end, an enjoyable party was held at the ski cabin, during which the hill was illuminated for night skiing.

Phil Hoskins is president of the Smithers Ski Club.

In cold weather the engine of your car really takes a beating. Heavy condensation and use of the choke cause crankcase dilution, oil should be changed more often. The chassis too is in a lot of hot water, it needs thorough lubrication regularly. For quick sure starting have the motor tuned-up to factory specifications, keep the battery fully charged. With our scientific instruments and the KNOW HOW of our mechanics, we can do a better job. PHONE 866.

### NATIVE TEAM GIVES 'TROTTERS TOUGH GOING

Harlem Globe Trotters ran into the strongest opposition of the first part of their northern basketball tour Wednesday afternoon when they went into two overtime periods against New Metlakatla, Alaska, and squeezed a 55-54 win from the native players.

At Ketchikan Wednesday evening, the barnstorming colored team had things easier, despite the fact that the game was their fifth in 24 hours. They defeated Ketchikan All-Stars 47-25.

The tired Trotters change out of uniform after their morning game here Wednesday, flew to New Metlakatla at noon, played there in the afternoon and again at Ketchikan at night.

Yesterday, they played at Fort Richardson and Anchorage, today at Ladd Field and Fairbanks, and tomorrow at Nome. They will be back in Seattle Sunday.

## Today in Sports

**WANTS \$100,000**—Joe DiMaggio was yesterday reported to have turned down a \$100,000 raise from the New York Yankees and is seeking a contract which would make him the highest paid player in baseball history. Sums like \$100,000 were bandied about but no figures came from the principals. DiMaggio would not talk but sat on an offer which was made to him.

Throughout the season, Government revenue from betting tax and post office dues tops the \$15,000,000 mark. Size of weekly stakes varies from small one-shilling "investments" to big throws of hundreds of pounds from bettors who spread their stakes over the various pool firms. They try to ensure success by working out complicated "permutations" in their forecasts; designed to ensure that at least one entry shall give a completely correct slate of results for the week's matches. One of the big men is reputed to stake more than £2,000 each week. His "hobby" leaves him no spare time for other work, as he has to brood over the "coupons" on which he finally writes his complicated entries. However, he claims to make a handsome living out of the pools—and he does not even have to pay income tax on it.

Betting taxes and post office charges in pool business net the government £395,000 weekly. No less than \$55,000 of that sum is taken by the post office in stamps and money orders.
