OCIALIST PLANNING

AND WORK BOOTS

Under a Socialist state employment will be steadier,

One of the first socialized industries of the first Socialist

There is a great and continuous demand in Canada

Five days before Christmas the factory,

which had been losing money steadily,

closed down and threw its workers out of

employment. The Socialist government

told its employees just at Christmas time

that it would not need them again, for

presumably in spite of "unscientific planning," to give

regular employment in a business where there is intense

competition to give the consumer the best possible deal

dustry as a shoe factory in a time of high employ-

ment and high purchasing power without a

three-months layoff, what can be expected of

Socialist planning in vast, complex industries

which the equally inexperienced Socialists in

British Columbia say they will take over if the

people of British Columbia elect them to power?
