Proceed With Pooling Plan

PARIS ©—Six Western European countries today met to pool coal and steel and something even more precious, their sovereignty.

France, Western Germany, Belgium, Italy, The Netherlands and Luxembourg have agreed to the idea, Britain has held back.

The revolutionary idea of surrendering sovereignty was made May 9 by France's Foreign Minister Schuman, who proposed the coal-steel pool be controlled by an international authority with power to tell the industry of each country what it can do.

Try to avoid emotional upsets at mealtime—such upsets tend to upset digestion.

Bing Crosby Never Better

Rated as one of the best of Bing Crosby's many stand-out pictures, "Riding High" comes to the Capitol Theatre here this Thursday, Friday and Saturday. It is an hilarious story of the race track with principal supporting parts by Coleen Gray, Frances Gifford and Charles Bickford. The story is by Mark Hellinger and there are four hit tunes—"Sunshine Cake," "Sure Thing," "Somewhere on Anywhere Road" and "The Horse Told Me."

A race track devotee, Crosby owns a potential champion horse. However, his fiancée, Frances Gifford, wants him to sell the thoroughbred and take a job with her father. He refuses to the delight of her younger sister, Coleen Gray, who is also in love with him and vases the horse to an out of town track for a big race. Unfortunately, there is an entry fee to be paid and Bing cannot raise the money. All seems lost when Miss Gray appears on the scene with the cash. The picture's climax packs a powerful emotional wallop.

William Damarest, Raymond Walburn, James Gleason, Ward Bond, Clarence Muse, Percy Kilbride and Harry Davenport are also in the cast.

Ray Reflects and Reminisces

Wheat is reported from four to six inches high in southern Manitoba. That makes far better reading than a description of how high Red River water is.

One would take for granted that in Ottawa the name "Wilfrid" would be correctly spelled. Yet, in a new and most praiseworthy publicity pamphlet concerning Canada's progress, it is not. The spelling is "Wilfred" and that's wrong. And as for "Laurier", that's quite accurate. Yet, under all the circumstances, the slip is inexcusable.

Just how poor is a poor man? A clergyman has declared that any Canadian earning less than \$35 a week comes within that classification. Yet, much depends. What one man would call poor (and with emphasis), another wouldn't. Some might prefer a steady job the year around, at \$35, while others would rather draw \$75 for a stretch of four months.

The stranger who would never return to the world he knew best, and while awaiting admission to the one he knew least, thought St. Peter was taking his time. From where he stood, he could notice, within, a group of taxid- rivers. Their number was slowly increasing; and all were comfortably seated. St. Peter was asked why this seeming preference and favoritism was being displayed toward taxi-drivers.

"You see," came the reply, "it's like this. We know, as a matter of impartial record, that taxi- drivers scare hell out of more people than any other class in society. At least a little recognition is deserved."
