BRITAIN'S NEWEST FLYING BOAT READY FOR FITTINGS-Largest metal hull ever made for an aircraft is this giant chassis of the Princess flying boat being built at Cowes, Isle of Wight, Eng. Weighing 140 tons, with a wing span of 219 feet, the Princess will be 55 feet high and will accommodate 105 passengers. In the building stage shown here, the ship, one of three similar ones being constructed, is ready for engine installation.
