THE COLBY has plans which call for a particularly low roof line. The plans also specify that the exterior of The Colby be brick veneered. The combination of these two special features provides this house with extra sturdiness.

The floor plan of The Colby includes three bedrooms. Every one of the three bedrooms is equipped with a generous amount of closet space. There is a comfortable living room and a kitchen pro-

There is convenient closet space in The Colby. The front vestibule of The Colby is furnished with a large, handy coat closet. There is a linen closet as well as as general storage closet located in the bedroom hall. The kitchen is provided with a large general storage closet and there is also a pot and pan cabinet situated next to the refrigerator. The combination kitchen and dining room has cross ventilation.

The main body of The Colby is 28 feet by 36 feet. The Colby's plan calls for a full basement. The plan covers an area of 1,170 square feet. There is a volume of

QUALITY _

The Makers Of This Wonderful Hand Lotion don't try to pretend that it-and it alone!-will catch and hold your man for you! But they do say it helps ... and I believe them. Never underestimate the enchantment to a man, of lovely hands! And JERGENS LOTION is the very hand lotion to keep them that way! Keep an extra bottle in your kitchen ... use it after every "watery" chore! And it's a good idea, after a particularly dirty house job to rub a more generous amount into your hard-working hands! Most women who have learned this lovely way to smooth, attractive hands know that even as fine a lotion as Jergens has to be used regularly to do its good work!
